Revere Smelting & Refining Corporation, a world leading producer of recycled lead is currently in search of an entry level Environmental Health and Safety Supervisor for our Middletown, NY facility. Desirable candidate will have a bachelor's degree in Occupational Safety and Health or a related field. In lieu of degree, we may consider qualified candidates with the equivalent in experience in industrial safety. A qualified candidate must have an excellent understanding of OSHA requirements and a proven track record of compliance. In this role one must effectively communicate regulations and safety policies, and their impact on construction operations and personnel, to all levels of employees and management.

Qualified candidates may submit their resume to Laurie Ann O'Shea, PHR at loshea@rsrcorp.com or by faxing a resume to 845-692-3306 (attention HR).

** All personnel MUST wear a full face respirator while working in our Lead Acid Battery Recycling operation while working out on the plant floor. It is a requirement of this position to have the ability to wear a full face respirator when necessary.
