

ChemRisk, Inc., a scientific consulting firm headquartered in San Francisco, CA, provides state-of-the-art toxicology, industrial hygiene, epidemiology, and risk assessment services to organizations that confront public health, occupational health, and environmental challenges. Professionals on the ChemRisk team have a long-standing reputation for thorough scientific analysis and for sharing results in the peer-reviewed scientific literature. Many of the over 250 papers published by scientists in the firm are frequently referenced in both litigation and regulatory decision-making. Our mission is to provide creative and scientifically rigorous approaches to answering questions about the human health hazards posed by chemical, biological, pharmaceutical, and radiological agents.

ChemRisk is seeking applicants with undergraduate and graduate degrees and training in toxicology, epidemiology, pharmacology, the environmental sciences, risk assessment, biomedical engineering, industrial hygiene, medicine, or health physics. Positions are available in the San Francisco, CA, Aliso Viejo, CA, Boulder, CO, Chicago, IL, and Pittsburgh, PA, offices. Applicants must be U.S. Citizens or authorized to work in the U.S. with Permanent Residency Status.
