

BIOSPHERE

The Weekly Bulletin of Biology

Biology Colloquium

Friday Oct. 31, 2 PM in EH2132

Dr. Dan Bush

Department of Biology, Colorado State University

“Life Without a Heart: Understanding Resource Allocation in Multicellular Growth”

- **Community Outreach** — Ninety 6th-grade students and their teachers from Patrick Henry Middle School visited our Botanical Garden with Brenda Kanno and our Herbarium/Biological collections with Dr. Jim Hogue • Dr. Pete Edmunds and his students have started their “*University-High School Collaborative Program in Marine Biology*” with a 4-part seminar series at Viewpoint School. Earlier this month, graduate student Nick Colvard presented the seminar “*Coral reefs: the color and light environment*”
- **Conferences and Symposia** — MARC and MBRS students attended the Society for Advancement of Chicanos and Native Americans (SACNAS) Annual Conference in Salt Lake City. Dr. MariaElena Zavala attended and guided the Plant Biology/Agriculture Conversations with Scientist session
- **Faculty Grants** — Dr. Pete Edmunds and Dr. Bob Carpenter received an NSF supplement to their Moorea Coral Reef Long Term Research Project to travel to France and Monaco next summer to explore collaborative research on ocean acidification
