

# BIOSPHERE

## The Weekly Bulletin of Biology

### Biology Colloquium

Friday Sept. 12, 2 PM in EH2132

#### Dr. Anna Salazar

Department of Biology, California Institute of Technology

*"A Pumilio Domain that Forms Heritable Amyloid Aggregates in Yeast Regulates Pumilio-Mediated Translational Repression"*

- **The Coral Reef Olympics** — The entire Edmunds lab participated in the 11<sup>th</sup> International Coral Reef Symposium in Fort Lauderdale in July which is held every four years. Dr. Pete Edmunds research group gave three talks of which one was by former graduate student Hollie Putnam. They also presented three posters, one of which was presented by former graduate student Nancy Muehllehner, and one presented by current graduate student Danny Green.
- **K-12 and CSUN research** — High school student Sarine Shamirian, who has been working in Dr. Steve Oppenheimer's lab, presented her research at the annual meeting of the Southern California Academy of Sciences in May.
- **Community Service** — Dr. Polly Schiffman gave a presentation about grassland ecology for a Sierra Club group at Harvey Mudd College (in Claremont, CA) in July.
