

BIOSPHERE

The Weekly Bulletin of Biology

Symposium: CSM Graduate Fellowships for Outstanding Promise in Research in Science and Mathematics

Friday April. 24, 12:00 PM in EH2132

2007-08 Recipients will each give a 15 min presentation of their research

Jessica Beach (Biology), Christopher Bowman-Prideaux (Biology)

Abigail Poray (Biology), Han Kyu Lee (Physics & Astronomy)

Please join us to celebrate their research accomplishments.

Light refreshments will be served

Biology Colloquium

Friday April. 24, 2 PM in EH2132

Dr. Howard Xu

Department of Biological Sciences, CSU LA

“Modulating expression of essential genes for identification of targets of antibacterial inhibitors”

● Biology Students Advancing on to PhD programs

- Jessica Diaz (advisor Dr. Zavala) has accepted an offer from UC Riverside for a fully funded 5-year PhD program which includes the prestigious Integrative Graduate Education and Research Traineeship Program from NSF. Jessica has also been awarded funding to present her work at the 19th International Arabidopsis Conference in Edinburgh, Scotland.
- Travis Morford (advisor Dr. Malone) has been accepted into PhD programs with full fellowship support at UCLA, USC, and UC Riverside
