

BIOSPHERE

The Weekly Bulletin of Biology

Biology Colloquium

Friday Feb. 6, 2 PM in EH2132

Dr. Peter Lindblad

Department of Photochemistry, University of Uppsala, Sweden

“Cyanobacterial Hydrogenases Diversity, Regulation and Applications”

- **Darwin Week Coming Soon!** — February 9-13 is a celebration of Charles Darwin’s far-reaching and long-lasting influence on many of areas of study. Be sure to visit <http://www.csun.edu/darwin> for schedule and locations of events. Also, be part of the Darwin Week In-Class Teach-In by incorporating discussion on Darwin’s contributions to the topic that you are covering in class next week.
- **CSUPERB** — Many undergraduate and graduate students attended the CSUPERB symposium at the LAX Marriott January 16th-17th. Attendees will be announced in Biosphere following Darwin Week.
- **Professional Service** — Dr. Steve Oppenheimer has been invited as a reviewer for Biomed Central’s Nutrition Journal and as a contributor in a book on *Cyclodextrins in Pharmaceuticals, Cosmetics and Biomedicine: Current and Future Industrial Applications*.
- **California Pre-Doctoral Program** — Juniors, seniors and first year graduate students considering applying to Ph.D. programs are eligible to apply for a \$3000 award covering travel funds to Ph.D institutions, attending professional meetings, and applying for Summer Research internships on a doctoral campus. Visit <http://www.csun.edu/graduatestudies> for more details.
