

**ASSISTANT PROFESSOR POSITIONS in  
ANALYTICAL and ORGANIC CHEMISTRY**

The Department of Chemistry and Biochemistry, California State University, Northridge invites applications for tenure-track positions in analytical and organic chemistry, effective August 2008. The successful candidate will have primary teaching responsibilities in undergraduate and graduate analytical or organic courses, and will be expected to develop a research program involving undergraduate and M.S. students. Ph.D. is required, postdoctoral experience is preferred. Initial review of applications will begin September 4, 2007 and continue until the position is filled. **Analytical position:** The area of specialization is open, the only requirement being appropriate qualifications to teach and to do research in analytical chemistry. **Organic position:** The area of specialization in organic chemistry is open. Submit application to **Chair, Analytical or Organic Hiring Committee**. Send a curriculum vitae, a detailed description of research plans, a statement of teaching philosophy, and have three letters of recommendation sent directly by references to: **Department of Chemistry and Biochemistry, California State University, Northridge, CA 91330-8262; for inquiry (not application) email: [taeboem.oh@csun.edu](mailto:taeboem.oh@csun.edu)** *California State University, Northridge is an Equal Opportunity Employer committed to excellence through diversity.*
