

Classification Committee Report

The classification committee has focused on the statewide IRP campaign and has spent the past several meetings in training all of the committee members in IRP workshops. In the past six months, the committee has done workshops on the following campuses:

- Dominguez Hills
- Los Angeles
- Long Beach
- Chancellor's Office
- Fresno (3)
- Stanislaus (2)
- Pomona
- San Bernardino
- Northridge (5)
- Sacramento (2)
- Humboldt
- San Diego

We have seen larger than normal turnout on every campus for these workshops. Currently we are preparing plans to educate the executive boards and stewards to prepare the campus to follow up with members after the workshops. We are now working with the bargaining unit councils to target the presentation to be "unit specific" so it can be individualized for unit meetings.

The committee has begun working on drafting language to propose for the upcoming contract negotiations in 2009.

Respectfully submitted,

Nancy Kobata

Chair
