

California State University Employees Union (CSUEU), SEIU 2579/CSEA

CSUEU Members and Fee Payers:

The CSUEU Board of Directors has approved a temporary reduction in the CSUEU monthly dues proportionate to the amount of salary reduction due to furloughs. In order to reduce CSUEU monthly dues, the Payroll Office for each campus must transmit salary information to the Chancellor's Office by mid-August, which will then be sent to the CSEA Membership Office.

If the Payroll Office for a campus cannot provide the salary information within a timely manner to the Chancellor's Office, the CSEA Membership Office will not be able to process and adjust the monthly dues starting with your August pay warrant. However, the following month's monthly dues will be decreased and a credit for the reduction of monthly dues for the prior month should also appear on your paycheck.

The State Controller's Office is responsible for making the monthly adjustment in fee payer deduction starting with the August pay warrant. If a fee payer does not see the adjustment in your August pay warrant then you need to contact your campus Payroll Office for assistance.

Members may contact CSEA Membership at 866-763-1452 extension 300 if you have any questions.

Sincerely,

Loretta Seva'aetasi
Vice President for Finance
California State Employees Union
