

Liberal Studies 300: Gateway Experience
RESEARCH EXERCISE C
Evaluating internet and print sources
(UC Berkeley Teaching Library Internet Workshops)

- Open the Oviatt Library page on Evaluating Print and Internet Resources (http://library.csun.edu/Research_Assistance/eval.html). Read through the list of criteria our CSUN librarians suggest you consider when choosing and using sources. Then
- Open www.lib.berkeley.edu/TeachingLib/Guides/Evaluation.html and complete the workshop. Then
- Open www.lib.berkeley.edu/TeachingLib/Guides/Internet/Evaluate.html and complete the workshop. Then
- Click [HERE](#) and open the *Web Page Evaluation Form*. Using a website you have found for use in your paper (**not** the one we provide you), evaluate the website by answering the questions on the Web Page Evaluation Checklist. After typing you're answers on the form, print it out and submit your evaluation to your instructor to show you completed this exercise.

Allow 60 minutes to look through the CSUN site, take both workshops, try out some of the links, and complete the Web Page Evaluation Form on the course website. Give your completed checklist to your instructor.
