HSCI 478OL  
Seminar in Current Trends  
Diversity & AGING  
(TICKET # 16921)  

ONLINE Course!  
This course examines the experiences of older adults from diverse cultural backgrounds and considers how cultural differences influence aging and being old. It explores the impact of class, race/ethnicity, gender, economic resources, and health on growing older. Students will have an opportunity to consider their own diversity and how it influences their relationships and shapes the opportunities over the course of their lives.
