Campus Says 'Thank You' to Volunteers for Valuable Service

Highest Volunteer Honors Awarded to Tony and Chris Partipilo; Robert Gohstand is Emeriti Honoree

Cal State Northridge's top volunteer honors were awarded to alumni Tony and Chris Partipilo and geography professor *emeritus* Robert Gohstand at the annual Volunteer Service Awards ceremony on November 4.

President Jolene Koester and Alumni Association President Gene Detchemendy led more than 300 faculty, staff, alumni and friends in saluting the Partipilos, Gohstand and 23 other dedicated volunteers.

The Dorothea "Granny" Heitz Award for Outstanding Volunteer Leadership, honoring alumni who serve CSUN as outstanding volunteer role models, was presented to the Partipilos, the only husband and wife to have served both as presidents of the alumni association and as officers and members of the Cal State Northridge Foundation Executive Committee and Board of Directors.

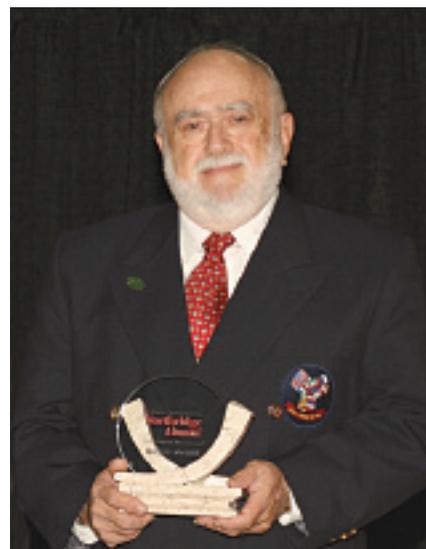

Tony Partipilo (*Political Science and History, '69*) helped launch a series of receptions and university newsletter

Tony and Chris Partipilo

profiles designed to keep prominent alumni closely connected to CSUN.

As alumni association president in 1985, he set his sights on scholarships and greater alumni benefits, including

Professor *emeritus* Robert Gohstand

group insurance. Partipilo's efforts were realized: this year marks the 20th anniversary of group insurance benefits for Northridge alumni.

Director of consultation operations

and a supervising attorney with The Cochran Firm's criminal defense section, Partipilo is among the few to earn *emeriti* status on the CSUN Foundation board, on which he served for 16 years.

Chris Partipilo (*History, '82*), a senior technical writer for Alcatel Corporation, was elected to the first of two terms as Alumni Association board president in 1994.

She pushed for creation of "Northridge Alumni," the precursor to today's *NORTHBRIDGE* magazine, in an effort to keep alumni informed and involved. In addition, Partipilo helped launch the campus' first bank card alumni partnership.

Her leadership resulted in the association's first strategic plan, considered the cornerstone of the university's modern alumni relations program.

Robert Gohstand received the 2005 Emeriti Merit Award, for *emeriti* or retired faculty or staff with strong histories of support for the welfare Volunteer Service Awards *continued on page 2.*

Northridge Study Paints Bright Economic Future for Valley

Employment Rolls Gain Nearly 12,000 Workers; Housing Boom is Alive and Well

The future looks good for the San Fernando Valley as the area continues to build on last year's job gains, according to a new study by Cal State Northridge researchers.

The Valley's private sector added 11,800 workers to its employment rolls in 2004, a 1.8 percent gain that outshines the 1.2 percent increase the area experienced in 2003. Valley growth outperformed Los Angeles County's job growth increase of only 1 percent and the state's overall increase of just 1.3 percent in 2004.

"Job growth in the Valley is strong, and the outlook is for it to remain strong over the next few years," said Daniel Blake, director of CSUN's San Fernando Valley Economic Research Center. The area's housing boom also is alive and well, he said, but infrastructure issues—such as traffic and transportation—remain a challenge.

The Valley's private sector payrolls increased by \$1.9 billion, and average earnings by almost \$2,000. However, inflation consumed half the payroll increase and three-quarters of the increase in average pay.

Valley industries with strong job growth in 2004 included construction, with an 8 percent increase; management, support and administration, with a 5.3 percent increase; retail

trade, with a 3.7 percent increase; and accommodations and food services, with a 3.5 percent increase.

Finance, insurance, real estate and leasing sector performances were weaker, down 2.9 percent, and manufacturing, down 2.8 percent.

The entertainment industry saw a 3.3 percent increase in jobs and 7.3 percent growth in its payroll. The Valley's biotechnology industry lost 1 percent of its workforce, but

added 9.3 percent to its payroll.

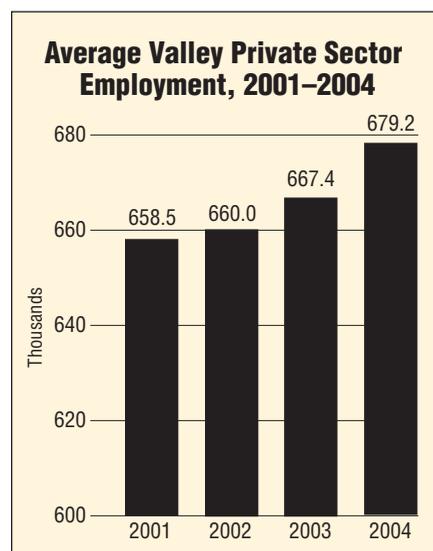

Among the study's other findings:

- Commercial vacancy rates dropped by more than 2 percentage points to register below 10 percent in the second quarter of 2005, compared to the nation's average of nearly 15 percent. The industrial vacancy rate fell to 2.5 percent from its 3 percent level last year.
- Median home prices rose to \$600,000 in July 2005, but annual

appreciation rates slowed from last year's mid 20 percent to low 30 percent range. Inventory is up from its record lows in 2004 but remain below normal.

□ Apartment vacancy rates averaged 3.7 percent in the third quarter of 2005, up from 3 percent in the same quarter last year.

For a copy of the full report, contact the research center at (818) 677-7021 or at sfverc@csun.edu. ■

Mitchell Family Counseling Clinic is Dedicated at CSUN

Faculty Couple is Honored at Ceremony Attended by Many from Campus, Community

President Jolene Koester and top campus officials joined a throng of celebrants at the dedication of the Mitchell Family Counseling Clinic, honoring the clinic's namesakes: faculty members Rie and Rex Mitchell and their son, Scott.

President Koester saluted the Mitchells at an October 25 campus ceremony naming the clinic, which houses the Michael D. Eisner College of Education's family counseling services for communities in Los Angeles and Ventura counties.

"It is the generosity of people, of family, of faculty like Rie and Rex and their son, Scott, that makes it possible for Cal State Northridge to maintain the margin of excellence that distinguishes this university," said the president, preceded at the podium by Dean Philip Rusche of the Eisner College of Education and by Harry Hellenbrand, provost and vice president for academic affairs.

Rie and Rex Mitchell, respective chairs of CSUN's Educational Psychology and Counseling Department and the Management Department, respectively,

From left: President Jolene Koester, Dean Philip Rusche of the Michael D. Eisner College of Education, Scott Mitchell and his parents, faculty members Rex and Rie Mitchell, celebrate naming of the Mitchell Family Counseling Clinic.

have joined with son Scott to establish the Mitchell Family Endowment Fund.

The income from the \$50,000 endowment, said President Koester, will fund in perpetuity the operating

costs of the counseling services and the clinical training opportunities provided by the Eisner College of Education.

Rie Mitchell, a nationally recognized

expert in therapy, is a leader in the use of sand play as a therapeutic tool for work with young children. Rex Mitchell is an influential figure in the arenas of strategic management, organizational development, conflict management, team building and other management areas. Their combined service to the university totals more than 59 years.

In a salute to colleagues in her department as well as to community professionals and students who had come to witness the dedication, Rie Mitchell stressed that all of their contributions have enabled CSUN to offer "an outstanding training organization as well as a community resource for clinical health."

Special recognition—and a burst of applause—was reserved for clinical administrator Jodi McIntosh. "We couldn't get along without Jodi," said Mitchell.

The Eisner College's community counseling programs also are located at Gault Street Elementary School, Soledad Charter School and the Samaritan Center in Simi Valley. ■

CSU Trustees OK 2006-07 Budget and Fee Increase Proposal

Request Could Generate Increase of \$235.5 Million in Funding for System and Campuses

The California State University Board of Trustees has approved a proposed 2006-07 budget request which, if funded by the state, would mean an increase of \$235.5 million for the CSU and its 23 campuses.

Consistent with the second year of the Compact for Higher Education with Gov. Arnold Schwarzenegger, the CSU is proposing a 3 percent increase in the state General Fund appropriation and a 2.5 percent increase in student enrollment, which would provide access to an additional 10,000 students. CSU's current General Fund budget is \$2.6 billion.

The budget request also proposes

to increase the State University Fee for undergraduate and credential students by 8 percent, and the graduate student fee by 10 percent. The fee increases also are consistent with the governor's compact. Even with the fee increase, CSU student fees are among the lowest in the nation.

State support revenue for 2006-07 is expected to increase by \$235.5 million: Revenue from the state general fund will be \$128.5 million and revenue from the increase in student fees will be \$107 million.

The CSU will set aside 33 percent of the student fee revenue to provide \$32.7 million in additional funds for

the State University Grant (SUG) financial aid program. This will allow the CSU to provide financial aid to an additional 5,100 students.

The recommended budget provides \$77.4 million for a 3 percent compensation pool and \$16.5 million to begin the first year of a five-year plan to close employee compensation gaps. The budget also includes \$10 million for long-term needs to support funding for technology (\$5 million), libraries (\$2.5 million) and deferred maintenance (\$2.5 million).

CSU expenditures will include mandatory costs of \$33.6 million to fund increases in health benefits, new

space, service-based salary increases for certain employee groups, and higher energy costs.

Assuming the 2006-07 proposed annual undergraduate fee of \$2,724 and including the 2005-06 average campus-based fees of \$664, the CSU's total 2006-07 undergraduate fee of \$3,368 would still be among the lowest in the country.

The current 2005-06 annual State University Fee is \$2,520. Adding in the \$644 average campus-based fees, students now pay \$3,164 annually. The 2006-07 proposed State University Fee for credential candidates is \$3,156 and \$3,414 for graduate students. ■

Volunteer Service Awards...

and intellectual progress of CSUN's students.

A 20-year member of the Faculty Senate Library Committee, Gohstand helped his brainchild—the Oviatt Library's Reading Room—come to life. With wife Maureen, he established an endowment to ensure the continual collection of new books for the Reading Room, where great literature can be read for pleasure.

Gohstand, who led a successful drive to preserve the CSUN orange grove as a historical treasure, also helped create CSUN's Old China Hands Archive, documenting the history of non-Chinese residents of China prior to 1949. He serves as volunteer project director for the archive. ■

Volunteers Honored by CSUN Colleges and Alumni Chapters

Ann Bisno, special education professor *emerita*

Jose Castellon, technology director, Space Technology Platforms & Integrating Technology, Northrop Grumman

Ghassan "Gus" Elias, material control manager and senior certification engineer, Moore Industries International

Claudia Garcia, business information technology consultant, Office of Information Systems, College of Business and Economics

Richard Gay, engineer, Rocketdyne

Bert Glennon, Los Angeles Superior Court judge

Joy Guihama, division manager, health promotion and policy development division, City of Pasadena Public Health Department

Dena Hall Ivancie, Dena Hall & Associates arts appraisers

Cindy Hanks, member, Matador Athletic Association Board of Directors

Claire Herczeg, manager of resource projects, J.D. Power and Associates

Pastor Herrera, director, Los Angeles County Department of Consumer Affairs

Lauren Kinast, coordinator of interpreting services, CSUN National Center on Deafness

Fred Levy, president, Friends of the Oviatt Library

Cynthia McAuley, associate director, Therapeutic Living Center for the Blind

Lorraine McNaughton, home health physical therapy division, Kaiser Permanente

Maria Ramos, director, Rigoberta Menchu Tum Foundation

Anthony Rubino, weapons integration branch chief, Engineering Directorate, Edwards Air Force Base

Richard Schweitzer, CFO and COO for Metropolitan West Securities, LLC

Haroldeane "Deanie" Snell, knowledge management team member, Pratt & Whitney-Rocketdyne

Kiho Sohn, knowledge management team member, Pratt & Whitney-Rocketdyne

Marianne Stone-Smith, speech pathologist and master teacher, Saugus Union School District

Milt Valera, president, National Notary Association

Cassandra Yeh, owner, real estate investment company

Events

Saturday, Nov. 12 Pre-Medical Conference

The 5th annual Pre-Medical Conference is set for 8:30 a.m. to 4:30 p.m. in the University Student Union, Grand Salon, presented by the American Medical Student Association, Black Pre-Health, the Biology Club, Chicanos for Community Medicine, the Pre-Pharmacy Club and the Optometry Club. Check-in will be at 7:30 a.m. The event is sponsored by Associated Students, the College of Science and Mathematics, the Educational Opportunity Program and Kaplan Education and Career Services. To register, e-mail csunconference2005@hotmail.com and provide name, school, e-mail address and phone number. *fmi*—Jaspreet Samra, (818) 325-7727.

Thursday, Nov. 17 Annual Provost's Colloquium

Charles Hatfield, assistant professor of English and CSUN's 2005–2006 Jerome Richfield Memorial Scholar, will speak on "Thirteen Ways of Reading Comics" at the 14th annual Provost's Colloquium at 4 p.m. in the Oviatt Library presentation room. A reception will follow. RSVP or *fmi*-x2138.

Thursday, Nov. 17 Lecture on Middle East Politics

Leonard Binder, internationally known specialist on Middle East politics and Islamic political thought, will speak on "Jihadi Strategies and the Balance of Power in the Middle East" from 6–8 p.m. in the Whitsett Room, fourth

Notices

Final Exam Scheduling

Provost and Vice President for Academic Affairs Harry Hellenbrand reminds faculty of the university policy regarding final examinations which states, in part, that "in lecture courses, no final examination may be scheduled by an instructor prior to the regularly scheduled time." Final examinations for fall 2005 are scheduled between Monday, Dec. 12 and Saturday, Dec. 17. Under no circumstances should faculty change the time or date of the scheduled final examination without written approval of the department chair and college dean. Copies of approved deviations from the printed final examination schedule should be forwarded to the provost.

Classes

Professional Development Programs

Professional Development Programs provides free training workshops for CSUN staff members in the Oviatt Library, Room 16, garden level, unless otherwise noted. Enroll by the day preceding the workshop by visiting www-admn.csun.edu/hrs/training/courses/index.htm and completing the online registration form for each workshop. *fmi*—Melissa Billeter, x3820. Workshops:

"Facilitating Meetings with Results"

Susan Leahy, presenter.
Thu., Nov. 10, 9–11 a.m.
Register by November 9.

"Conducting a Successful Interview"

Mika Williamson, employment and compensation manager, presenter.
Tue., Nov. 15, 10 a.m. to 12 p.m.
Register by November 14.

Deadlines

Human Subjects Research Approval

Faculty and students performing research with human subjects must complete Human Subjects Protocol Approval forms. Original forms and nine copies must be submitted to the Standing Advisory Committee for the Protection of Human Subjects. Next meeting date: November 15. Next deadline date: November 29, for the December 13 meeting. Download protocol submission forms from www.csun.edu/~gripact/03_Research/06_HumanSubjectsResearch.html.

Van Nuys Airport Comes on Board as Student Research Journal Partner

Thanks to a new partnership with the Van Nuys Airport, Cal State Northridge's Journal of Student Research Abstracts will step into the national arena with publication of its spring 2006 issue.

Van Nuys Airport has taken over the long-term publication of the journal, which previously published student research abstracts from local K–12 students only, but now is offering students nationwide a chance to have their work published.

Selena Birk, Van Nuys Airport manager, said the new sponsorship "builds on the airport's long-standing commitment to supporting the science education of tomorrow's leaders." Plans already are in the works to hire CSUN student interns to help produce the journal, whose pages have included research on topics ranging from cancer cells to wind energy.

Seeing their research published motivates students to enter scientific

fields, said Steven Oppenheimer, the publication's editor and director of CSUN's Center for Cancer and Developmental Biology. Such motivation is "important for the security of the United States," he said. "This nation needs to produce top scientists if it is to remain secure."

While the journal will continue to accept abstracts on all areas of research, future issues will encourage a focus on aviation and aerospace. "We believe the young people of today can be the aviation leaders of tomorrow," said Stacy Geere, public and community relations director for the airport.

Geere said the airport, operated by Los Angeles World Airports, will use its resources to type, format and print the publication, previously published by Pearson Education in Boston.

Students must submit their work to the journal by February 1, 2006. For information, contact Oppenheimer at steven.oppenheimer@csun.edu. ■

Students Speak Up at CSUN Tournament

More than 400 debaters and speakers—including the two shown above in an animated presentation—participated in the CSUN High School Invitational Tournament in October. Coordinated by CSUN forensics director Becky Opsata, the event drew students from 25 high schools in California and Nevada.

In Brief

From left: Filmmaker Frank Marshall, Countrywide Financial Corp. Chairman/CEO Angelo Mozilo, President Jolene Koester, director Breck Eisner and retired AT&T executive Charles Noski (and CSUN alumnus) meet on campus for Executive Speaker Series.

Filmmakers, Business Leaders Share Insights with Students

Intent on creating successful careers in business and in cinema and television arts, nearly 400 Cal State Northridge students on November 3 poured into campus lecture halls to hear four speakers whose achievements in those fields have won national recognition.

As part of the university's fall 2005 Executive Speaker Series, eminent filmmakers Breck Eisner and Frank Marshall shared information with students in the College of Arts, Media,

and Communication. Business titans Angelo Mozilo and Charles Noski, a CSUN alumnus, spoke to College of Business and Economics students.

The series was conceived as a way to allow CSUN students to interact with men and women who are among the "best and the brightest" in their fields, said Judy C. Knudson, vice president for university advancement.

Breck Eisner, director of the feature film "Sahara" and the Emmy Award-winning science fiction television miniseries "Taken," also has directed

more than 100 television commercials. Eisner spoke to cinema and television arts students.

Academy Award-nominated producer/director Frank Marshall ("Raiders of the Lost Ark," "The Color Purple," "The Sixth Sense," "Seabiscuit") spoke with intermediate film production and other cinema and television arts students.

Angelo Mozilo is chairman and chief executive officer of Countrywide Financial Corporation, a Fortune 500 company and a global leader in residential finance and related services. Mozilo addressed students in the Business 302 gateway course.

A recipient of the CSUN Alumni Association's Distinguished Alumni Award in 2002, Charles Noski (*Business Administration '73, Accountancy '95*) is the retired senior executive vice president and CFO of the AT&T Corporation. Noski met with accounting and business studies students.

Now in its second year, the series has brought to campus some of the country's leading lights in business, journalism, government, education, marketing, entertainment and law.

Engineering Management Endowment Is Doubled

Everyone in the Manufacturing Systems Engineering and Management Department believes the work done there is important, relevant and needed.

"I do, too," said Bonita Campbell, the department chair and a 30-year

Northridge faculty member.

But like many programs in higher education nationally, those in her department struggle at times for funding and resources. "So I thought I'd put my money where my mouth is," she said in fall 2004 after creating a \$25,000 endowment to help secure the department's financial future.

In a new demonstration of her commitment to the work of students and colleagues in her department, Campbell recently doubled the size of the Bonita J. Campbell Engineering Management Endowment with the contribution of another \$25,000.

Campbell's initial gift has been supplemented with monthly paycheck deductions, generating even greater yields. Support from the endowment has helped support student and graduate assistants as well as such program-related expenses as guest lecturer fees.

Offering the only programs of their kind in the area, the department was formed to meet a demand for systems and production specialists to serve the many manufacturing production companies in the greater Los Angeles area.

A number of the department's former students have gone on to successful careers in engineering management, returning to CSUN to teach part-time for "modest" remuneration.

"This endowment is a way of giving back to my students and my colleagues," said Campbell. ■

Calendar

The A.S. Ticket Office in the University Student Union sells tickets to many events on campus, except for some held by outside groups. The Ticket Office is open from 10 a.m.–6 p.m. Mon.–Fri. For prices not given, call (818) 677-2488. To park on campus for performances, athletic events, lectures and other activities, guests must purchase a \$4 parking permit.

Art and Exhibits

For gallery info, call (818) 677-2156. Main gallery hours: Mon. through Sat. 12–4 p.m. Admission is free unless specified. For library exhibits, call (818) 677-2285.
