History repeats itself. Hitler invaded Europe, Hispanic & Muslim nations invade the U.S.

Mark Lowry

October 17, 2007

History repeats itself. Hitler invaded Poland and all of Europe. Hispanic & Muslim nations now invade the U.S.; world conquest is the Objective.

Hitler convinced the German People their neighbors were the cause of their economic problems. He convinced them the only way to recover was to recognize their inherent right to invade and take back land they had stolen from them. Germans were declared the supreme race and all others were inferiors who did not deserve to live. It was their heritage as proud Aryan people, it was their duty to take over the world and repopulate it with the master race.

Former Mexican President Vicente Fox, and current President Calderón both insist where a Mexican stands, is also Mexico. They insist they have a right to cross international borders to resolve economic crises they blame on their neighbor. They demand a union between all nations in the America's for Mutual Prosperity and Security to honor the racial heritage of the latinos.

Augustin Cebada, Brown Berets: "Go back to Boston! Go back to Plymouth Rock. Pilgrims! Get out! We are the future. You are old and tired. Go on. We have beaten you. Leave like beaten rats. You old white people. It is your duty to die. Through love of having children, we are going to take over."

Richard Alatorre, Los Angeles City Council. "They're afraid we're going to take over the governmental institutions and other institutions. They're right. We will take them over . . . We are here to stay."

Excelsior, the national newspaper of Mexico : "The American Southwest seems to be slowly returning to the jurisdiction of Mexico without firing a single shot."

Professor Jose Angel Gutierrez, University of Texas "We have an aging white America . They are not making babies. They are dying. The explosion is in our population. I love it. They are sh---ing in their pants with fear. I love it."

Art Torres, Chairman of the California Democratic Party, "Remember 187--proposition to deny taxpayer funds for services to non-citizens- -it was the last gasp of white America in California " Gloria Molina,Los Angeles County Supervisor, "We are politicizing every single one of these new citizens that are becoming citizens of this country. Did you know: Immigrants from Mexico and other non-European countries can come to this country and get preferences in jobs, education, and government contracts? Corporate America has signed on to the idea that minorities and third world immigrants should get special, privileged status. Some examples are Exxon, Texaco, Merrill Lynch, Boeing, Paine Weber, Starbucks and many more.

DID YOU KNOW: Mexico regularly intercedes on the side of the defense in criminal cases involving Mexican nationals? Did you know that Mexico has NEVER extradited a Mexican national accused of murder in the U.S. in spite of agreements to do so? According to the L.A. Times, Orange County, California is home to 275+ gangs with 17,000 members; 98% of which are Mexican and Asian.

TO FOLLOW IS A BRIEF OVERVIEW OF MEChA ACTIONS, STATEMENTS BY THEIR LEADERS AND THE EFFECT OF THEIR PRESENCE ON MANY OF OUR CAMPUSES:

o In 1970, the University of Texas at El Paso MEChA: "We do not seek assimilation; we seek self-preservation of our culture and language."

o San Diego City College MEChA declared the 5 U.S. southwestern states were no longer part of the U.S., lowered the American flag & raised the Aztlan flag in its place.

o In 1971, U.C. Santa Barbara MEChA was asked to work with campus police to avoid violence. Their reply: "...we view the campus police as an integral part of this whole repressive system...we cannot accept this 'kiss of death'...que viva la revolucion (long live the revolution)!"

o In May 1993, MEChA at UCLA spearheaded the riot that caused \$500,000 damage to that campus when they occupied buildings & demanded full department status for Chicano studies.

o MIGUEL PEREZ, Cal State Northridge MEChA: "The ultimate ideology is the liberation of Aztlan". When asked his preference of government, said, "Communism would be closest. Non-Chicanos would have to be expelled ...opposition groups would be quashed because you have to keep the power."

o PROF. RUDY ACUNA, MEChA advisor, Cal State Northridge,

self-described Socialist:

"Chicanos have to get a lot more militant about defending our rights" and promoted violence by his 1993 national telecom to Hispanic students to "TAKE BACK YOUR HISTORY".

o MEChA STUDENT, 3/97 Rally, L.A. City Hall: "When the people in this building don't listen to the demands of our community, it's time to burn it down!"

o MEChA STATEWIDE CONFERENCE, 11/96: 1000 students parents were addressed with focus on the fury about PROP 187 & PROP 209. Two Anglo members of the press were forcibly removed as they fear infiltration.

- "CH" was replaced by "X", i.e., Chicano now "XICANO", MEChA now "MEXA", etc.

- Program statements included:

"National revolution is the theme for this year's MEXA conference"

"Throughout Latin America, the university provides the embryo of

resistance...the PLO found birth in the university...Cuban revolutionaries as well"

"We of the university are becoming a privileged few - we become part of the machinery that enslaves our nation. We must reject this and become a nation within a nation with a national plan of action as new soldiers in our struggle for national independence, and an emerging XICANO nation."

"This is revolution at its basic level, moving the people toward more confrontational politics."

"Only we can move our families and our communities toward becoming a united people again in building an XICANO nation. We are NOT American or Mexican...we are XICANO, and we must find own way to form a new visible, viable Indian nation within a nation."

"We should do everything we can to promote the Spanish language as a means of solidarity among XICANOS."

Also see video at this site with UCLA Professor promoting revolution: MEXICAN UCLA TEACHER PLANNING REVOLT INSIDE USA http://www.youtube.com/watch?v=_5ZMLUgvpFw "Our enemy is capitalism and imperialism. Our battle is now represented by the race on the northern front right here right now.

La Raza is the head of the world wide revolution.

How much more documentation does it take to define intent of the invaders who have come into the United States illegally?

Fox admits, the amero is coming, he admits the invasion is by design to help the sagging Mexican economy and promote open borders, he admits he is backing invasion because his people need jobs and jobs are in the United States, he admits he wants to destroy American Sovereignty and replace it with a new Union of states including all of north and south America, he admits he is stealing American jobs and wealth, and some United States citizens think unbridled illegal alien invasion is purely an economic driven invasion.

Fox is similar to Hitler who told his citizens it was their national right to invade other nations and then promoted that invasion with all of the government support he could give them.

Bush is like Henri Philippe Benoni Omer Joseph Pétain (24 April 1856-23 July 1951), generally known as Philippe Pétain. http://en.wikipedia.org/wiki/Philippe_P%C3%A9tain He is the man who helped Hitler invade France, like Bush and the Democratic Party is helping Mexico and other nations invade the United States. Millions of people died then and are dying now.

"His actions during World War II resulted in a conviction and death sentence for treason, which was commuted to life imprisonment by Charles de Gaulle. In modern France, he is generally considered a traitor, and pétainisme is a derogatory term for certain reactionary policies. Due to his treason, he is now referred by historians as Philippe Pétain" he led the

government in Vichy France that collaborated with German invaders; he is the treasonous self centered politician that helped Hitler get into France. He helped kill French Patriots who fought in the underground. He helped kill innocent French Citizens.

Bush, congress and elected officials all over the country provide benefits to the invaders and aid and abet the invasion. They provide sanctuary and refuse to comply with the United States Constitution and rule of law.

The cure for that was to hang traitors, foreign invaders and any other treasonous politicians and the same is true today. We need to prosecute traitors and subversive invaders and do it now while we still have the remnants of a nation. History proves that is the only way to handle the problem of unwarranted invasion and attack on an innocent nation's sovereignty.

People who betray the United States must be prosecuted by congress if the administration won't do it. Penalty for international acts of war is immediate defense of our sovereignty by any means necessary, penalty for treason in time of war is death. Our rule of law must be honored and our constitution upheld as the law of the land. That rule of law demands these acts be prosecuted to the fullest extent of the law. It demands violators be hanged.

American citizens and Patriots seem confused over what is going on because of the mass media and government propaganda that defines these acts of war and treason as normal results of economic demands for labor. How long will it take and what needs to happen before you start screaming for justice, compliance with rule of law and declaration of war against invading nations? How many more Americans have to die at the hands of invaders before you scream no more?

Join American Patriots calling invasion what it is. Do not repeat mistakes of history that permitted Hitler and other tyrants to expand their control over adjoining nations. Call this intolerable violation of nation state rights what it is. It is war, it is invasion, it is treason, it is the end of our national sovereignty unless you understand dire consequences of failure to recognize what is going on and forcefully let everyone else know and take immediate action by demanding our elected officials take action. Help other patriots fighting to save our Republic.

The United States must demand compliance with international law and insist foreign nations do not interfere in internal affairs. We must end open ended trade agreements and wholesale give away programs transferring ownership of critical American infrastructure to foreign nations and international corporate giants that intend to destroy the United States. They must learn they can not invade another nation and not be subjected to full force and military might of that nation.

We must get to a point where we recognize we are at war for our very survival and our biggest enemies are people who call themselves our elected representatives.
