## CSUB Finds Head Assistant Baseball Coach

Jody Robinson, former assistant coach to CSUB Head Coach Bill Kernen at Cal State Northridge and a fellow assistant coach at Cal State Fullerton, has been named the head assistant coach of the CSUB baseball program, Kernen announced Tuesday. Robinson's main duties will include running the Roadrunner offense, serving as the team's hitting instructor and infielders' coach.

"Jody Robinson is the most important addition to the CSUB baseball program since we began the building process," said Kernen. "He has been a Division I head coach and we worked together successfully for many years at Cal State Fullerton and Cal State Northridge. He was my assistant in 1991 at Northridge, our first year of Division I play, so he's been through what we are attempting to achieve here and that will prove to be invaluable to our efforts."

A materials, warehouse and production manager at Royal Oak Enterprises in West Plains, Mo., for the past 12 years, Robinson found Bakersfield to be the perfect opportunity to get back into the baseball world.
