

## Looking for a Master's Degree designed for Science Educators?

In Fall 2004, California State University Northridge will offer a new Master of Arts in Education with a specialization in Science Education.

### Program Features

- Classes taken as a **cadre of science teachers**
- **Two year** program; **one night per week**
- **Guaranteed enrollment** in cadre classes
- Curriculum designed for secondary **science teachers**
- **Integration of technology** in the teaching of science
- Uses **National Board Certification** portfolio activities

### Admission

- (1) Submit on-line interest survey: [www.csun.edu/science/ma](http://www.csun.edu/science/ma)
- (2) Submit on-line request for advisement: [www.csun.edu/science/ma](http://www.csun.edu/science/ma)
- (3) Call Dr. Mike G. Rivas (818 677-6792) or email him at [mgrivas@csun.edu](mailto:mgrivas@csun.edu) for advisement
- (4) Submit university & department applications if possible by April 30, 2004

### Schedule

#### Fall 2004

SED 646 Computers in Science Teaching  
SED 625S Theory and Research in the Teaching of Science

#### Spring 2004

SED 619 Website Development for Science Educators  
EDUC 600 Research in Secondary Science Education

#### Fall 2005

SED 690 Seminar in Secondary Science Education  
SED 695B Advanced Laboratory Curriculum Development

#### Spring 2006

EDUC 610 Issues in Science and Technology Education  
SED 697 Directed Studies in Science Education

All courses are three units. An additional six units are required for the completion of the 30-unit Masters Degree. If your credential was completed within the last five years, you may be apply up to two of your credential courses as electives in the Master's Program. If you are unable to transfer units from previous coursework, you may take courses during summer or regular sessions to complete this requirement.

**MASTER OF ARTS IN EDUCATION**  
**SCIENCE SPECIALIST**
