#SANKOFA2

With the emergence of social media and the hashtag "Black Lives Matter", social justice has reached new heights. The department of Africana Studies has been maintained through professor's dedication, sustained by students' strong presence and promoted by the Black Student Union. With this, the social media platform has evolved in the way we see activism and awareness today: *Living in the now*. We celebrate together those who fought for a Black Studies program with the *Storm at Valley State from 1968-1971* and those who continue to advocate for change. *Sankofa 2.0*.

Note: Communication services (sign language interpreters, note takers, real-time captionists, or assistive listening devices) are available for these events. Requests for services must be submitted at least five (5) working days in advance. Please contact Dr. Cedric Hackett at cedric.hackett@csun.edu or (818)677-3311.
