E. **Workload Subcommittee:** Tiffany (chair), Kelly, Jeffrey, Mario, Jose

1. Our first area of focus is the dissemination of organizational information to faculty, staff and managers with a focus on the information (and training) that is given to employees when they first join the college.
2. As part of this, we will continue to review and draft recommendations for the following items:
   - Chair Handbook
   - Faculty Handbook
   - Staff Handbook
3. Some of the items that we would like to include (or recommend) are:
   - Duties for each staff member within a Department (e.g. who can help you with what)
   - Committee Lists covering department, college or university level committees
   - Resources (e.g. health services, EAP, etc.)
   - List of campus trainings (i.e. DRES Awareness, CSUN Ally training, etc.)
   - List of funding opportunities
4. Tiffany will email Human Resources and the Equity & Diversity Office to see what the required training/orientation materials are for any new faculty, staff or administrators. She will also see if they can recommend or already have a sensitivity or climate-based training that is available to CSUN faculty and staff.
5. Tiffany will also be speaking with the CSUEU chapter officers to see if they can coordinate an information campaign related to the staff contract and an employee’s right to:
   - Yearly performance evaluations
   - Current and accurate job descriptions
6. Our third item is the staff and faculty survey. So as not to overstep or impose on the Quantitative Committee’s work, we were hoping to see what items the subcommittee has produced that relate to workload issues.
7. Finally, we want to highlight the fact that one of the items we had previously discussed—professional development funds for staff—was made available this year. However, as pointed out by Jose Abara this was not extended to full-time adjuncts. This might be a recommendation we can forward to the Dean.
