California Renewable Energy and Storage Technology CONFERENCE

University Student Union (USU), Grand Salon
California State University, Northridge
8 a.m. to 5 p.m.

If you are a **researcher, engineer, consultant or policy-maker in the field of Renewable Energy and Advanced Energy Storage Technology**, you are invited to participate in this 3rd regional conference at California State University, Northridge, to exchange innovative ideas and visions of the future of a "Greener" California.

This **one day conference**, sponsored by NSF and IEEE, and hosted by the CSUN College of Engineering and Computer Science, has been designed to bring together universities, industries, R & D laboratories and Government agencies to propel Renewable Energy and Advanced Energy Storage Technology into the future. It will feature invited speakers, poster presentations, and a tour of the Campus renewable energy facilities, thus providing a unique opportunity for communication and collaboration between academia and industry.
