DEPARTMENT OF ANTHROPOLOGY
CRITERIA FOR INCLUSION IN PART-TIME TEACHING POOLS
February 2016

An MA in Anthropology or related discipline is required for 100- and 200-level courses. A PhD in Anthropology or related discipline, or MA plus commensurate work or research experience is required for 300 and above level courses. Professional preparation and specialization must be appropriate to source subject.

Applicants must apply for course-specific pools. Applicants are required to submit a cover letter, CV or resume, and sample syllabus for each course for which they would like to be considered. This constitutes the evidence we use to determine if applicants are considered satisfactory or unsatisfactory to teach each individual course. Applicants are deemed “satisfactory” if they provide evidence of (1) an appropriate degree and/or commensurate work experience, (2) professional preparation (i.e., research or graduate study) in the area covered by the course OR evidence that they have taught the course at CSUN or a comparable course at another college or university; and (3) if they provide an appropriate syllabus for each course they would like to teach. Applicants who provide insufficient evidence of qualifications or unclear qualifications – based on the required materials – will be deemed “unsatisfactory.”

Applicants wishing to teach hybrid or online courses must meet CSBS requirements for online teaching. Namely, “Faculty members who are interested in teaching online courses, either fully or hybrid, shall complete one workshop in Moodle and one additional workshop dealing with online pedagogy or an advanced workshop in the use of Moodle. Workshops may be offered by the college, Academic Technology, or any other unit of the university with an expertise in online instruction, or by an off-campus professional organization with expertise in online instruction” (Policy adopted 9/12/13).

Preference will be given to candidates with college teaching experience and a demonstrated commitment and ability to teach/mentor a diverse student population.
