

Job Req # 403001

Consumer Products/Industrial Manufacturing Company is looking for:

POSITION: Division EHS Director

LOCATION: Based in either West University Place, Texas (Houston) OR McDonough Georgia Area (South Atlanta)

SALARY: \$110-130K + Bonus

DEGREE: Required

EXPERIENCE: 7-10+ Years Experience

RELOCATION: Assistance Available

TRAVEL: 50-75% (8 Plants)

Division is looking for an Environmental, Health and Safety Manager with expertise in the Manufacturing Industry. This person will:

1. Provide significant leadership and assistance to all Division plants with the implementation of programs and processes necessary to ensure compliance with regulatory and corporate and requirements.
2. Collaboratively work with site leaders and lead critical Environmental, Health and Safety initiatives across the sites.
3. Lead the process of establishing and achieving EHS goals for the sites, assist in determining EHS priorities for locations, and provide direction on managing programs/policies and providing technical expertise for management of all environmental, health and safety issues with special emphasis on environmental.
4. Assist the sites with accident prevention programs such as lockout, confined space, machine guarding, fall protection, electrical safety, ergonomics, exposure monitoring, hazard communication, and behavioral based safety program.
5. Assist sites with compiling and reporting all required company and regulatory reports accurately and on time.
6. Keep current with changing regulations and EHS trends and alert management to areas of risk.

Required Experience

Bachelor's degree preferably in Safety, Industrial Hygiene, Engineering or equivalent

degree required.

Demonstrated experience in interacting and compliance with the EPA and OSHA, as well as State regulatory agencies.

Knowledge and experience with federal and state environmental regulations and compliance preferred.

Demonstrated experience in safety culture change.

Strong demonstrated ability to conduct training at all levels of the organization.

Ability to credibly and effectively communicate and influence at all levels of the organization.

Minimum 7-10 years' demonstrated experience in leading improvement efforts in a heavy manufacturing setting required

Candidates with multi-site experience.

Must be able to travel on short notice.

If this position is NOT of interest to you, but you are actively looking for other opportunities, I would suggest going on to our website <http://www.judge.com> and searching our open positions. Email me directly with interest in any positions that we are representing that you may feel would be a fit and meet your current needs. I will do what I can to help expedite your interests.
