

Come and listen to your colleagues speak about their research and teaching interests and exciting projects that they are working on. We are delighted to continue the series that premiered in fall 2012 with our newest faculty members, to provide opportunities for all faculty in our college to share their work.

Brown Bag Spring 2017

Research Seminar Series @ 12 p.m.

College of Engineering & Computer Science

Spring 2017

Join us in Jacaranda Hall - JD 1568 from 12:00 - 1:00 p.m.

Lunch will be provided thanks to the generous support of  IEEE
RSVP to Kathleen Pohl at kpohl@csun.edu

**Friday
March 10**

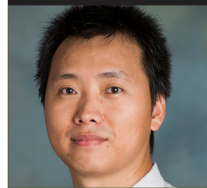

ASHLEY GENG

Professor, Electrical & Computer Engineering

Power Scheduling for Electrical Vehicle Loads

**Monday
April 3**

BINGBING LI

Assistant Professor, Manufacturing Systems Engineering & Management

3D Bioprinting of Aneurysm Blood Vessel

**Thursday
April 20**

ARAM G. KHACHATOURIANS

Lecturer, Mechanical Engineering

CSUN's Award Winning Human Powered Vehicle (HPV) and the Key to Our Success

**Monday
May 1**

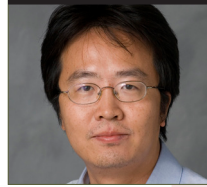

SHADI MAHJOOB

Assistant Professor, Mechanical Engineering

Cooling of Electronic Devices Utilizing Porous Filled Heat Exchangers

**Thursday
May 11**

XIJI HANG

Professor, Electrical & Computer Engineering

Medical Image Classification Using Deep Learning
