Student Union
Northridge Center**

**Thursday
February 18, 2016
7:00-8:30pm**

“Technology, Big Data, & Student Learning Needs: Transforming Education”

Dr. Candace Thille will speak about cutting-edge research from the learning sciences and the Open Learning Initiative (OLI). She will share how this information can be used to produce high-quality learning environments and transform how we teach and learn. Come find out more about where the future is taking us in terms of big data, technology, and how to better meet students' diverse learning needs.

This event is FREE, however, you must register at:
