

## How do I apply to the MSHA program at CSUN?

- You log into [csumentor.edu](http://csumentor.edu)
  - <https://secure.csumentor.edu/>
    - You select the MSHA program at CSUN
    - Pay your fees.
    - Send all of your electronic official college and community college transcripts to Admission & Records (A&R).
    - If you have GRE or TOFEL scores you also have them uploaded to CSUN's A&R
- You then create an account with ApplyWeb, which is the MSHA Supplemental E-Application (e-app).
  - <https://www.applyweb.com/cgi-bin/app?s=csun>
- You upload references names and email addresses and ApplyWeb sends them a link to upload their letters. We require three letters of reference
- You upload unofficial transcripts on ApplyWeb.
- You upload a current resume with work experience (Very important.)
- You upload a personal Statement of Purpose (Very important.)
  - Previous education and work or volunteer experiences
  - Why you are interested in applying for admission to the MSHA program?
  - How completing the MSHA degree program will advance your professional goals.
- If courses are still in process during Spring 2017, indicated that in your Personal Statement of Purpose and send degree verification ASAP.

All materials should be upload by March 3, 2017

### What is Holistic Admissions?

At CSUN, we not only evaluate minimum GPA scores but we also look to see if the applicant is a good "fit" for our educational model. Please review the Information Session for more details. In short, we are a leadership program that seeks to support an individual's career path and aspirations. In a separate link on the MSHA webpage is a profile of the entering MSHA classes. You will note that current working experiences ranges from perhaps one year to over 10 years, but averages at about 3+ years. We seek individuals with a clear focus on how they will advance into higher leadership positions. We offer all core MSHA classes at 7PM because the vast majority of our students are working during the day. Holistically, we look at the total person and not just a GPA or GRE score. Are you a good fit for our mission and educational model? Let us find out.
