Executive Director of Schools and School Improvement, San Angelo ISD

What Really Works

Wendy W. Murawski, Kathy Lynn Scott

The What Really Works in Education series compiles the advice of experts who not only understand the research behind certain educational practices, but also have experience working in classrooms. Each user-friendly chapter, focused on a topic vital to educators, presents information in a straightforward way to help you learn what works – and what does not work – with students today. Whether you're a new educator, or just seeking to build new skills, you'll benefit from

- Insight into a handful of innovative topics in instruction; including using technology, UDL, co-teaching, and assessment
- Novel approaches to classroom management and strategies to engage students
- Chapters focused on effective methods for teaching within content areas
- Practical tips for reaching all learners; including ELLs, students with autism, and gifted students
- Useful reproducibles and resources for every topic area
