

Public Transportation

CSUN Shuttle

There are three CSUN Shuttle Systems that serve the campus. They are: the Housing Shuttle, Metrolink Shuttle and VPAC Shuttle.

CSUN Transit Station

The bus lines that use the CSUN Transit Station offer easy travel solutions from 4 directions (north, south, east, and west). The bus lines that serve the Transit Station are:

- Metro Bus Line **167** (accessing Plummer Street)
- Metro Bus Line **741** (Rapid) (accessing Reseda Blvd)
- AVTA Express Line **787** (accessing Palmdale/Lancaster)
- CSUN Metrolink Shuttle (accessing the Northridge Metrolink Station)

* The CSUN Transit Station is not open on weekends. Metro Line 167 stops at Reseda/Plummer, 7 days a week.

Northridge DASH provides frequent and inexpensive bus service around campus. Operates Monday through Saturday.

Use Metro's Next Trip
To find out when the next Metro bus is arriving at the CSUN Transit Station, it's very easy to use Metro's Next Trip feature. **30018** is the CSUN Transit Station stop number.

Carpool/Rideshare

CSUN Associated Students Rideshare enables CSUN students to generate real-time match lists of potential carpool or vanpool partners within the university community. The service is **FREE** to all eligible CSUN students.

Zipcar

Consider leaving your car at home. Zipcar gives you the access you need when you need it. Pick one up on campus now.

4 simple steps to zipcar freedom

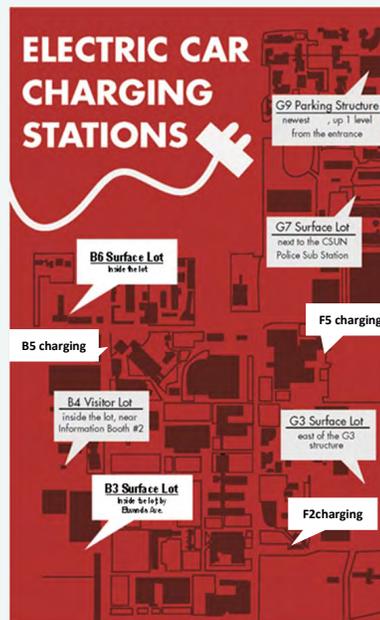

1. join
2. reserve
3. unlock
4. drive

Electric Vehicles

Electric Vehicle Charging stations are located in the following parking lots:

- * B2 has 4 chargers (northeast corner)
- * B4 has 2 chargers (south side, near Information Booth)
- * B6 has 2 chargers (southwest corner)
- * G3 surface lot has 4 chargers (southwest corner)
- * G9 has 2 chargers (2nd level, west wall)
- * F5 has 2 chargers (DC Quick Chargers - northeast corner)

Bicycles

The campus has improved its infrastructure for bicycling including new, more secure **BIKE RACKS** in many areas of campus. The Matador Bicycle Compounds offer a protected location to park bicycles.

If bicycling appeals to you as a commute mode, but you live too far away to bicycle the entire distance to campus from home, you might consider combining the use of Public Transit with bicycling for the commute. Also check out CSUN Bicycle Collective.

Student Transit Subsidy

To encourage eco-friendly commuting alternatives, the A.S. Ticket Office provides a \$20 monthly student transit subsidy. You must present a valid CSUN student ID and purchase a monthly transit pass to qualify for the subsidy. Stop by the A.S. Ticket Office, or call (818) 677-2488 for more information. The A.S. Ticket Office is located directly across Subway in the University Student Union (USU).

Transportation for Persons with Disabilities

This service is a "fixed" schedule service that transports persons within a 5-mile radius to and from the campus to attend class.

Parking permit discounts : CSUN is offering a discount for Parking **Lot F10** which is located at Lassen and Lindley avenues, at the northeast end of campus. The lot is serviced by a campus shuttle that transports students to and from the lot every 15 minutes.
