

The Mike Curb College of Arts, Media, and Communication (MCCAMC) Advisement Grid

Spring 2010 – Subject to change on a semester basis

A student in the College will be subject to one of two advisement situations each semester: 1) Advisement Required (Hard Hold) or 2) Advisement Recommended (Soft Hold). Students who have Required Advisement *must* complete advisement to be eligible to register in the following semester. Students who have Recommended Advisement are encouraged to seek advisement but will be allowed to register without having been advised. Whether a student is *required* to receive advisement depends on major, academic status (probation or non-probation), and whether or not the student is part of the Educational Opportunity Program (EOP).

Within MCCAMC, there are two main advisement outlets: 1) The MCCAMC Student Resource Center & EOP Satellite (SRC/EOP) and 2) the major department. Each department provides to its students individual advisement on course curriculum and selection as well as information on career development. The SRC/EOP provides supplemental General Education and holistic academic advisement for a special caseload of continuing students in good standing during the middle of each semester. This helps students gain an understanding of the various aspects of the degree process and how to advance towards graduation. Certain students **are required** to see an advisor in the SRC/EOP, including **First Time Freshmen (FTF)**, **Second Semester Freshmen**, **Probation**, **Academic Performance Agreement**, and **EOP students (First Time Transfers (FTT- highly rec** – refer to information under the SRC/EOP main website: csun.edu/~srceop/adviseNewStudent.htm). If required by their major, these students may also need to seek advisement through their major department. Students **not** required to seek advisement in the SRC/EOP but wishing to utilize their services, should plan to meet with an advisor during the months of *September, and mid-January through mid-March* (contact the Center regarding other available periods).

The following chart is an **EXAMPLE** of how advisement is provided through MCCAMC. Use the chart below to identify if you need to meet with your major department and/or the SRC/EOP Satellite **prior to planning your Spring 2010 registration semester**. **NOTE: Rec. = Recommended, Req. = Required.**
