

Math 102 Textbook Pricing Options

The textbook for Math 102 is a custom edition of College Algebra by Sullivan (eighth edition). The custom edition adds some chapter review problems, but these are available free of charge on the Math Department website. The custom edition omits chapter 10 which is not covered in the course. At the Matador Bookstore, the text comes packaged with a license for Course Compass which you will need to do on-line homework and quizzes.

Option 1: Buy at the bookstore for \$107.

Pros: convenient, comes with everything you need

Cons: expensive

Option 2: Buy the ebook for \$70 at www.coursecompass.com

Pros: cheaper, comes with everything you need

Cons: can only view the textbook on-line

(the ebook can now also be purchased at the bookstore for \$75)

Option 3: Buy the standard edition on-line

Pros: you may find the best price here

Cons: an on-line purchase will not come with a license for Course Compass which you may have to purchase separately for \$70; instructors cannot guarantee the reliability of on-line vendors.
