**California Geographical Society
Student Travel Awards
2009**

The California Geographical Society invites faculty members of Geography Departments and Programs in California to nominate a deserving undergraduate and/or graduate student to attend the Annual Conference of the California Geographical Society. The student travel award provides \$150 to recipients to offset costs associated with the annual meeting. The award provides an opportunity for a student to gain experience from attending a statewide conference; it is not necessary that the student give a paper. We do ask that grant recipients share their experience by submitting a short reflection piece on their conference experience, to be included in the *CGS Bulletin*.

Nominations must be received via email by **April 4th**, and should consist of: (1) a brief paragraph outlining the student's interests and abilities in geography, (2) a copy of the student's registration form, and (3) contact information for both the student and the nominating professor. One undergraduate and/or one graduate nomination per department or program, please.

Send nominations via email to:

Robert Voeks, CSU—Fullerton
