

WARNING

Chemicals known to the State of California to cause cancer, birth defects or other reproductive harm are contained in crude oil, gasoline, diesel fuel and other petroleum products and byproducts.

Chemicals known to the State of California to cause cancer, birth defects or other reproductive harm are also contained in and around oil fields, service stations, refineries, chemical plants, transport and storage operations, including pipelines, marine terminals and tank trucks, and other facilities and equipment that manufacture, produce, process, handle, distribute, transport, store, sell or otherwise transfer crude oil, gasoline, diesel fuel or other petroleum products or byproducts.

The foregoing warning is provided pursuant to Proposition 65. This law requires the Governor of California to publish a list of chemicals "known to the State to cause cancer or reproductive toxicity." This list is compiled in accordance with a procedure established by the Proposition, and can be obtained from the California Environmental Protection Agency. Proposition 65 requires that clear and reasonable warnings be given to persons exposed to the listed chemicals in certain situations.
