

Run with  $N = 100$  and sigma from 0 to 5.75 averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 0$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 0.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 0.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 0.75$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 1$  averaged over 70 runs

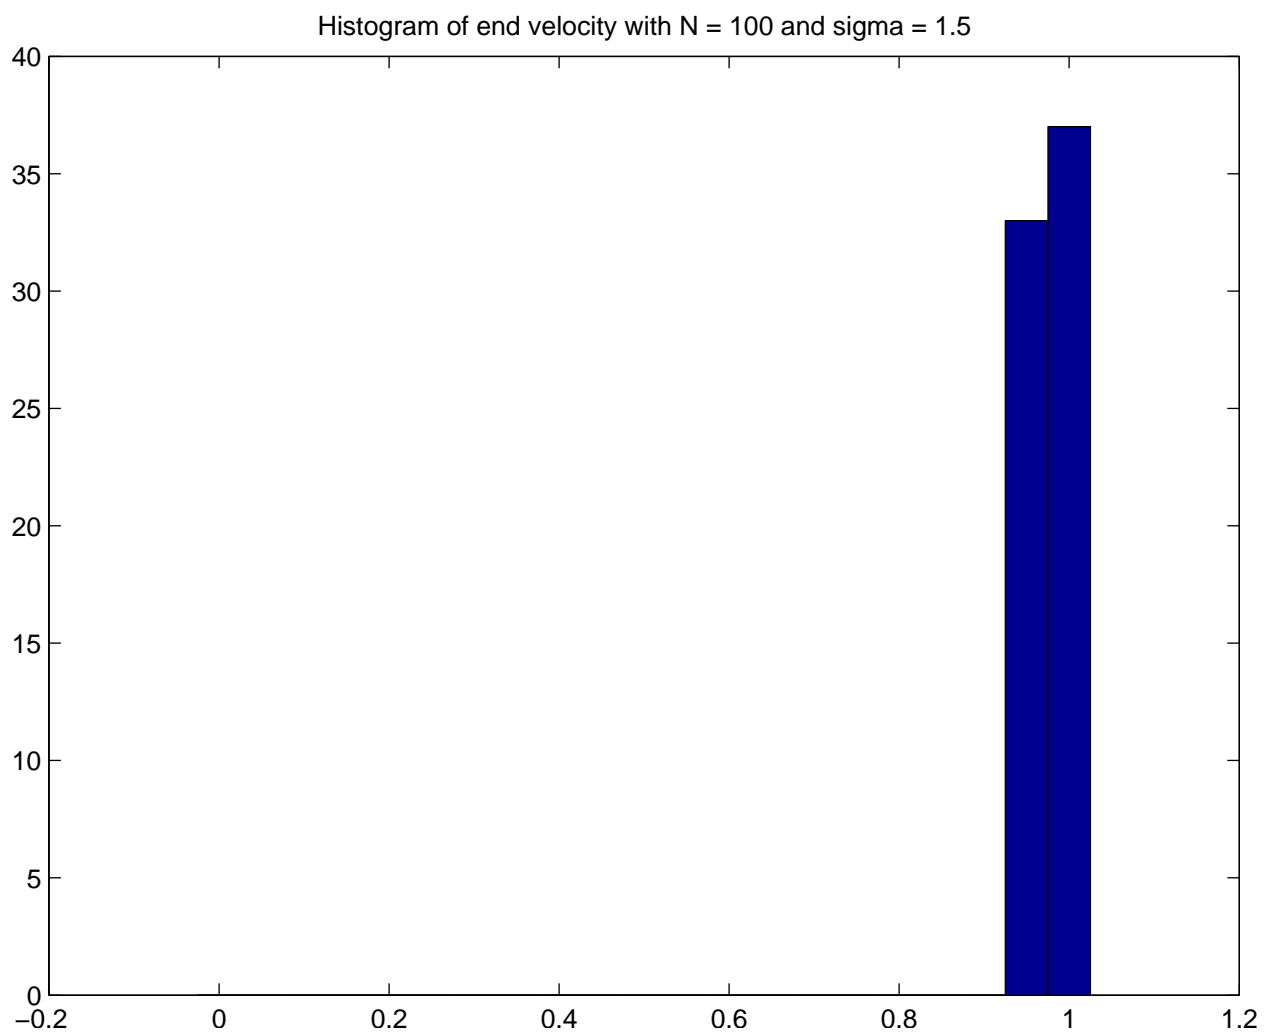

Individual run with  $N = 100$  and  $\sigma = 1.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 1.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 1.75$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 2$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 2.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 2.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 2.75$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 3$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 3.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 3.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 3.75$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 4$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 4.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 4.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 4.75$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 5.25$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 5.5$  averaged over 70 runs

Individual run with  $N = 100$  and  $\sigma = 5.75$  averaged over 70 runs
