

Gradebook for SOC424 Fa26 w/ Godard, Page 1 - INTRODUCTION

This is an explanatory guide to the pages that follow. Please refer to it before proceeding.

This is a comprehensive summary of your progress in the course. Above all, note that there are six pages, including this introduction.

I've already entered grades for 131 quizzes, and recorded 360 marks for attendance.

Based on there being 45 students, I expect to assign grades for 1125 labs and 270 homeworks.

Of those, students have so far submitted 193 labs (17%) and 37 homeworks (14%).

Of those, I have so far entered grades for 153 labs (79%) and 37 homeworks (100%).

Overall, I've entered grades for 321 of the 361 items submitted (88.9%) & the other 40 are on the way!

GRAY? -- Your entire row is gray, on every page, if I don't have a phone number & photo (selfie/headshot) for you, or if you have not the intake form, given permission for your data to be presented here, & given a codename I've approved. You are NOT required to

DROPS -- I drop the three lowest lab grades, three lowest homeworks, and three lowest quizzes.

PAGE 2 -- OVERVIEW

"Grade so far" is total of credit earned towards 100 total points. (Remember that percentages are parts of 100. Aceing a homework worth 4%

Yellow cells are more than 2 std deviations below the mean.

PAGE 3 -- ATTENDANCE

There's a column for each date with a class held. Ideally you used a clicker (indicated with a C).

If you didn't but signed the roll, there's an R. If you didn't do either of those, there's an N (an absence).

PAGE 4 -- QUIZZES

There's a column for each date with a quiz. A number there indicates the number of questions (of 5) that you missed.

For dates with light blue (rather than red) headers, there was an error with my clicker data;

If you document a valid excuse from attendance & lab, you will get for that quiz, the average of your remaining quizzes

If you only signed in, you get 5; if you clicked in, you get the average of remaining quizzes.

PAGE 5 -- HOMEWORK ASSIGNMENTS

For each homework assignment, there are three visible columns (and three other hidden ones, doing math behind the scenes):

Days Late is 0 if it was on time, negative if it was early that number of days. Remember that work is due at the START of lecture.

The "Missed" points is shown raw, then adjusted for the minimum, maximum, and range of points missed by the entire class.

The "grade" adjusted based on a factor that takes into account the mean, median, and standard deviation of points missed on that assignment by everyone in the class (see the very bottom row, below mean and std. dev.)

Grades are not based on "total points" or % correct. They are standardized to the mean & standard deviation of points missed, and are provisional, subject to adjustment w/ any grading corrections or late submissions.

Orange zeroes are awarded for work with is either insufficient for grading, or which clearly represents academic dishonesty.

PAGE 6 -- LAB ASSIGNMENTS

Lab Grade is a simple average of 0 for missed lab or insufficient work, 70 for minus, 80 for check, and 90 for plus, plus 5pts per secretary.
