

Chemistry 321

Laboratory Manual

Table of Contents

Safety Rules and Regulations	1
Equipment List	4
Chemical Disposal	5
Buret and Pipet Calibration Results	6
Unknown Report Slips	7
Notebook	11
Sample Drying and Mass	12
Calibration of Burets and Pipets	13
Gravimetric Analysis of Chloride	16
pH Titration of Maleic Acid	19
Ion-Selective Electrode Determination of Fluoride Ion	23
Spectrophotometric Determination of Iron	28
Atomic Absorption Spectroscopy	30
High Performance Liquid Chromatography	32
Gas Chromatography	35
Determination of Cobalt by Titration with EDTA	38
Appendix A	
Using EXCEL to Plot and Fit Data	42
Appendix B	
Method of Least Squares	45
Appendix C	
Determination of K_{a1} and K_{a2} of a Diprotic Acid by pH Titration with Strong Base	47
Periodic Table of the Elements
