

# Chemistry 334

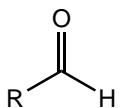

## Carbonyl Compounds

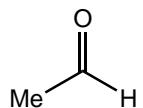

ketone

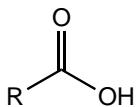

acetone

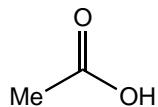

aldehyde

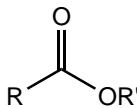

acetaldehyde

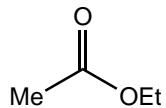

carboxylic acid

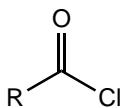

acetic acid

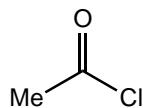

ester

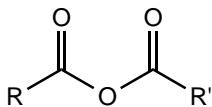

ethyl acetate

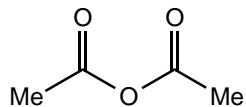

acid chloride

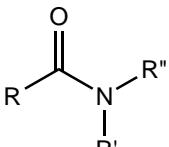

acetyl chloride

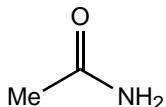

acid anhydride

acetic anhydride

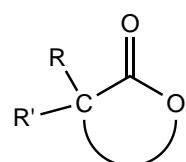

amide

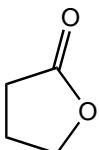

acetamide

R, R', R'' = H, alkyl, aryl, etc.

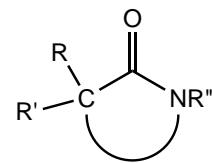

lactone

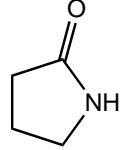

butyrolactone

R, R' = H, alkyl, aryl, etc.

lactam

butyrolactam  
(2-pyrrolidinone)

R, R', R'' = H, alkyl, aryl, etc.
