

**ORGANIC CHEMISTRY DVDs**  
**LEARNING RESOURCE CENTER**

The following DVDs describe laboratory techniques and are available in the Learning Resource Center (LRC) on the fourth floor of Bayramian Hall. If you have not done so previously, view a given DVD prior to the laboratory period in which the corresponding technique is utilized.

Safety

Melting-Point Determination

Recrystallization

Simple Distillation

Fractional Distillation

Extraction

Thin-Layer Chromatography (TLC)

Column Chromatography

Gas Chromatography

Infrared Spectroscopy

Spectrophotometric Analysis
