

Transforming American STEM Education

Together we are the solution

TRANSFORM	EMPOWER	ENGAGE
NATIONAL PARTNER	PARTNER	ADVOCATE
<p>The PLTW National Partners transform American STEM education by focusing their efforts on preparing the nation's next generation of STEM professionals.</p> <p>National Partners invest \$6,000,000 or more over three years.</p>	<p>The PLTW Partners empower schools, teachers, and students to implement and sustain America's leading in-school STEM curriculum.</p> <p>Partners invest \$100,000 or more annually.</p>	<p>The PLTW Advocates engage their communities in preparing students for the global economy.</p> <p>Advocates invest \$10,000 or more annually.</p>

CREATING SHARED VALUE

Corporations, foundations, and individuals across the country have asked us to assist them in supporting their community schools, building their talent pipelines, and improving the local, state, and national economies.

By leveraging PLTW's self-sustaining infrastructure and non-profit status, **100% of donated funds go directly to schools, students, and teachers.**

SUPPORT SCHOOLS

New Pathway To Engineering & Biomedical Sciences Programs

Eligible high schools may apply for a grant in the amount of \$35,000 over three years to offset costs associated with implementing a PTE or BMS program.

PTE: \$10,000; \$15,000; and \$10,000

BMS: \$20,000; \$10,000; and \$5,000

New Gateway To Technology Programs

Eligible middle schools may apply for a grant in the amount of \$20,000 over two years to offset costs associated with implementing a GTT program.

GTT: \$10,000 and \$10,000

Existing PLTW Programs

Eligible high schools or middle schools may apply for a one-time grant of \$10,000 to assist with PLTW program enhancements.

SUPPORT STUDENTS & TEACHERS

Student Scholarships

Eligible students may apply for a scholarship to assist their pursuit of a STEM-related degree through the state or national PLTW Scholar Program or through a customized scholarship for PLTW students or alumni.

Teacher Scholarships

Eligible teachers will be provided a scholarship to offset the costs associated with the PLTW Teacher Professional Development Program. Funds may be dedicated to subsidize costs on a national, state, or local level, as well as in-service or pre-service teachers.
