Thank you for agreeing to participate in this research study. This form outlines the purposes of study and provides a description of your involvement and rights as a participant. The purpose of this study is to describe how student perceptions of transactional distance vary according to differing course designs (structures) offered by NASA that include online activities. You are being asked to participate in the study as a result of your participation in the 2014 Pre-Service Teacher Institute.

You are invited to participate in this study by completing the Distance Education Learning Environments Survey.

As participant in this research, you are entitled to know the nature of our research. You are free to decline to participate, and you are free to withdraw from the study at any time. No penalty exists for withdrawing your participation. Feel free to ask any questions at any time about the nature of the research study and the methods we are using. Your suggestions and concerns are important to us. Please contact the researchers at the addresses/email provided above.

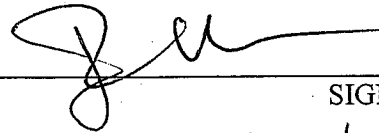

Please indicate your willingness to participate in this research process by checking one of the following statements and providing your signature below. The signatures below indicate an acknowledgment of the terms described above.

Thank you for agreeing to participate in this research study. This form outlines the purposes of study and provides a description of your involvement and rights as a participant. The purpose of this study is to describe how student perceptions of transactional distance vary according to differing course designs (structures) offered by NASA that include online activities. You are being asked to participate in the study as a result of your participation in the 2014 Pre-Service Teacher Institute.

You are invited to participate in this study by completing the Distance Education Learning Environments Survey.

As participant in this research, you are entitled to know the nature of our research. You are free to decline to participate, and you are free to withdraw from the study at any time. No penalty exists for withdrawing your participation. Feel free to ask any questions at any time about the nature of the research study and the methods we are using. Your suggestions and concerns are important to us. Please contact the researchers at the addresses/email provided above.
