

The Oviatt Library and the Bonita J. Campbell Endowment
For Women In Science And Engineering present

WIS@E
Women in Science and Engineering

DROP IN **TAKE TEN**

2nd Annual
CAREER
Speed Mentoring and
Networking Event

October 22, 2013

4:00-6:00PM

California State University
Northridge

PROFESSIONAL ORGANIZATIONS

We need you!

You and your members are invited to network with students and answer questions about available resources as they continue their education and enter the workforce.

How Does it Work?

Bring your banners & PR material to network with students. Electrical outlets and tables, located outside the mentoring room for display materials, are available.

Location:

Oviatt Library
CSU, Northridge
18111 Nordhoff Street,
Northridge, CA 91330-8326

Time:

4-6:00 PM

Audience:

Any student interested in STEM (Science, Technology, Engineering, Mathematics) subjects.
Students from other campuses will also be invited.

Commitment: An event evaluation afterwards but we ask you to reserve your table – <http://library.csun.edu/wise>

Parking:

Free passes for those who sign up by Tuesday, October 15th.

Contact:

If you have additional questions please contact Joyclyn (jdunham@csun.edu) or call (818) 677-2638.

SPEED MENTORS

We need you!

If you are a working engineer or scientist, you have the qualifications to speak with students. They want to hear your personal experiences and 'real world' examples.

You will interact with students groups of 2-3 students. Present your thoughts and experiences candidly – they will appreciate hearing from a person who is 'really there'.

How does it work?

After a short keynote speech, you will be stationed at a table and network with students for 10-15 minutes for approximately 6 sessions. We hope to have 15+ stations.

Mentors can work in pairs. Mentors can trade off with folks from the organizational displays. Not all students will meet all the mentors.

The Bonita Campbell Endowment for WISE is not a membership organization.

*WISE provides networking opportunities for students, professionals, and membership organizations in science, technology, engineering and mathematics.
This is a great opportunity to recruit new members for your organization or fulfill your organization's outreach mission.*
