Tuesday 6/24/2008

Print your name, your home address, your cell phone number, and your email address to the command prompt window- using jGRASP.

```
public class myInfo {  
    public static void main (String args[]){  
        System.out.println ("George Bush\n1600 Pennsylvania Avenue  
NW\nWashington, DC 20500\n818-677-0000\ngeorge.bush@us.gov");  
    }  
}
```
