Students have a variety of options when it comes to selecting their housing community. Most Deaf and Hard of Hearing students opt to live in the Lighthouse Living Community (LLC).

The Lighthouse LLC is a diverse community with various interests in or connections to the Deaf community. The Lighthouse is a place where Deaf and Hearing students live together and promote the use of American Sign Language (ASL). Students will have the opportunity to live with Deaf and Hearing roommates with a variety of signing skill levels.

For further information on housing fees, application deadlines, and virtual tours please visit the housing website at:
