RESEARCHERS AGREEMENT

By signing below, applicants agree to support this research project, be named on the research poster, and declare that they have read, understand, and agree to the policies and rules regarding the Research Competition. All members agree to make an effort to support the project, and agree to work together to create a professional poster presentation. The lead researcher also understands that he or she must be willing to arrange for at least one member of their project group to be ready to present their project all times, specifically during the presentation time assigned, or must forfeit their standing in the Research Competition. The experiment group also realizes that submitting an application does not guarantee acceptance into the Research Competition.

SPONSOR APPROVAL

The Faculty sponsor assures that he or she understands their obligation to support this research presentation by helping the student group to prepare and present their research. Faculty sponsors understand that adequate preparation includes assisting students with both the construction of a conference poster and helping them to prepare a conference-style oral poster presentation. The faculty sponsor understands that student presenters frequently need faculty assistance, and the sponsor agrees to help support the project so long as the student group continues to make a good-faith effort. The faculty sponsor declares that he or she has read all rules and regulations concerning the Research Competition, and understands and agrees to the commitment of sponsorship.
