Secondary Education Department
RESPONSIBILITIES OF THE COOPERATING TEACHER
in the Second/Final Student Teaching Assignment
(SED 555, SED 555BL)

General Expectations

In the second semester of student teaching, teacher candidates are assigned to one or two Cooperating Teachers for three (3) teaching periods, for the full semester. In general, the Cooperating Teachers:

- Are present at all times in the classroom unless the Teacher Candidate is an Intern or is otherwise the teacher-of-record.
- Provide the Teacher Candidate with a supportive atmosphere conducive to the development of exemplary teaching practices and advancement of professional growth.
- The Cooperating Teacher participates in required training and professional development activities mandated by the California Commission on Teacher Credentialing.
- Receive (and share, if the Candidate has more than one Cooperating Teacher) an honorarium of $125.00 per semester.

The Teacher Candidate is expected to teach at your school site from the beginning until the end of your school’s semester, regardless of the dates of the end of CSUN’s semester and the evaluation deadline.

Note: A candidate must meet two conditions in order to begin a student teaching assignment, working directly with secondary school students, including classroom observations:
1. The candidate must have been officially eligible to student teach, including fingerprint clearance.
2. The candidate must be enrolled in the CSUN student teaching courses.
There are no exceptions to this policy. Both conditions must be met before the candidate is allowed to do any fieldwork, including observations and teaching.

Instructional Guidance
The Cooperating Teacher:
- Is present at all times in the classroom unless the Teacher Candidate is the fulltime teacher of record.
- Relinquishes the role of lead classroom teacher to the Teacher Candidate unless a serious problem develops.
- Assists the Teacher Candidate in planning curriculum, lessons, and assessments, and insures the course content follows district and state standards, while supporting the Candidate wishing to try different materials and methods.
- Ensures the Teacher Candidate produces a lesson plan for every lesson the Candidate teaches.
- Evaluates performance on a daily basis (or every 2/3 weeks for Interns) by writing suggestions on lesson plans, keeping a written journal, and/or holding frequent conferences. (We provide a suggested, but not required, Observation/Conference Template at the end of this document).
- Assists the candidate in incorporating technology, integrating literacy instruction, and differentiating instruction for English learners, students at-risk of failure, and students with special needs.
- Does not make suggestions or correct the student teacher in front of the class or within earshot of the students, unless the destruction of property or safety of students is involved.
- Shares procedures for class management and discipline, but allows the student teacher to try other methods as long as classroom decorum is maintained.
- Is aware of and makes connections to the Conceptual Framework for the CSUN College of Education below
- Redirects pupils to the student teacher if they come to the Cooperating Teacher for assistance during class.

Student Teaching Evaluation

- One week before the midterm and final evaluations are due, the University emails the Cooperating Teacher the information needed to complete the evaluation.
- The on-line evaluation is due 10 working days after the Cooperating Teacher receives it.
- Experience has shown that when the evaluation information is not received, the email may be in a Cooperating Teacher’s “Junk Mail” folder, or is being read as “SPAM.”
- If after addressing these problems the information has not been received, the Cooperating Teacher should send an email with the student’s name to: sedevals@csun.edu.

Legal Requirements

The Cooperating Teacher, as the teacher of record, is legally responsible for what happens in the classroom, and should:

- Establish a clear understanding of the grading policy. The Teacher Candidate may assign initial grades to the students, but the grades must be reviewed and signed by the Cooperating Teacher.
- The Teacher Candidate should experience working with parents. However, the Candidate is speaking for the Cooperating Teacher, who thus needs to monitor any parent conference closely.

If A Problem Arises

- If the Teacher Candidate is not demonstrating satisfactory progress in performance and/or professionalism, the Cooperating Teacher collaborates with the University Supervisor in developing a Student Teaching Assistance Plan.
- If the Teacher Candidate does not fulfill his or her obligations, or if for any other reason, the assignment needs to be terminated, the University Supervisor must be informed prior to the termination. The school and Cooperating Teacher have the right to terminate the assignment at any time.
The edTPA Assessment

As a state requirement for earning the teaching credential, all Candidates must complete a standardized Teaching Performance Assessment (TPA). CSU Northridge has chosen the edTPA, a nationally available performance-based assessment, for its TPA. For the edTPA, the Candidate prepares and teaches a 3-5-day unit, assesses students, videotapes portions of lessons, and writes extensive commentary and reflection about the experience and student learning.

It is expected that the Cooperating Teacher will mentor the Candidate as usual during this unit (e.g., discuss plans and debrief lessons). However, because the edTPA must be the Candidate’s own work, the Candidate must not get direct coaching or feedback on the written plans, commentaries, and reflections in the edTPA. The Cooperating Teacher may assist the Candidate by checking out school digital recording equipment, if available, videotaping, and/or providing information on school permissions necessary for videotaping.

More detailed information on any of the above, including the Handbook for Secondary Supervised Instruction, can be found at:  www.csun.edu/education/sed/student_teaching/index.html

TPE 6: Developing as a Professional Educator
CONCEPTUAL FRAMEWORK

Michael D. Eisner College of Education
California State University, Northridge

The faculty of the Michael D. Eisner College of Education, regionally focused and nationally recognized, is committed to Excellence through Innovation. We believe excellence includes the acquisition of professional knowledge, skills, and dispositions and is demonstrated by the growth and renewal of ethical and caring professionals - faculty, staff, and candidates - and those they serve. Innovation occurs through collaborative partnerships among communities of diverse learners who engage in creative and reflective thinking. To this end we continually strive to achieve the following competencies and values that form the foundation of the Conceptual Framework.

- We value academic excellence in the acquisition of professional knowledge and skills.
- We value the use of evidence for the purposes of monitoring candidate growth, determining the impact of our programs, and informing ongoing program and unit renewal. To this end we foster a culture of evidence.
- We value ethical practice and what it means to become ethical and caring professionals.
- We value collaborative partnerships within the College of Education as well as across disciplines with other CSUN faculty, P-12 faculty, and other members of regional and national educational and service communities.
- We value diversity in styles of practice and are united in a dedication to acknowledging, learning about, and addressing the varied strengths, interests, and needs of communities of diverse learners.
- We value creative and reflective thinking and practice.
