Join us in Jacaranda Hall - JD 1568 from 12:00 - 1:00 p.m.

**Wednesday Sep. 24**

BINGBING LI  
Assistant Professor, Manufacturing Systems Engineering & Mgmt.

**Laser additive manufacturing for remanufacturing of critical components**

**Wednesday Nov. 19**

VIDYA NANDIKOLLA  
Assistant Professor, Mechanical Engineering

**Active footwear designs for diabetic mellitus**

**Monday Oct. 6**

ANWAR ALROOMI  
Assistant Professor, Civil Engineering & Construction Management

**Integrative Framework for Sustainable Development of the Cost Estimating Profession**

**Tuesday Dec. 2**

RUTING JIA  
Assistant Professor, Electrical and Computer Engineering

**Semi-global Stabilization of Nonlinear Systems Via Output Feedback and Sampled-Data Controls with Applications to Power Systems**

**Tuesday Dec. 9**

ABHIJIT MUKHERJEE  
Assistant Professor, Mechanical Engineering

**Numerical Simulation of Bubble Growth during Nanofluid Flow Boiling in a Microchannel**
