PUT IT TO THE TEST: SUCCESSFUL ON-DEMAND WRITING

A workshop for students in grades 10-12

THE CAHSEE! THE SAT! AP EXAMS!
INVEST A LITTLE TIME IN YOUR SUCCESS,
AND GET READY FOR THESE TESTS.

When facing timed writing exams, students are asked to compose an essay on an assigned topic, in a prescribed form, in limited time. Except for a score, they receive no feedback...even though their future often depends on doing well!

What preparation will improve their chances of doing well on the CAHSEE, the SAT, the CSU’s English Placement Test, and the UC’s Analytical Writing Placement Examination?

In this two session workshop, students will become familiar with these tests and learn:
- to understand the writing task and decode writing prompts;
- to organize their thoughts and use the allotted time efficiently;
- to understand how tests are scored; and
- to approach the scorers as an audience.
