Trophy Agreement

In order to have a fun, inter-school tournament, the Nikkei Student Association of Cal State Northridge must lay a few, logistical rules regarding the returning teams, and the care of the tournament trophies they are awarded. The trophies do cost a considerable amount of money. We have decided to make the first place title defendable. This means that the team who places in first after the end of the tournament is required to defend their title in the following year. This will hopefully increase the spirit of competition and give a greater incentive for continued relationships between schools. Should the trophy be lost or damaged in any considerable way, we require that those, to whom it was issued, pay for the repair/replacement of the trophy. Again it is only the first place trophy that is required to be defended. Not the second or third place trophies.

--- I the undersigned agree to the above statements and will abide by the rules set forth. In the event that the trophy should be damaged or lost our organization shall be responsible for the replacement of said trophy. Keeping in mind that it is only the first place trophy.
