Guide to Access Online Resources

CourseCompass is the course management system (CMS) used to access online resources for Math 115. The resources include student solution manual, online homework assignments, discussion boards, multimedia textbook and more.

To enroll in the CourseCompass course, each student will need the following:

- **Student access code.** Students will receive this code when they purchase the book.
- **Important:** The student access code is nontransferable and can be used only once.
- **Course ID** – srichoom20621
- **Email address** – The student's registration and enrollment confirmation will be sent to this email address. This address is also available to you, the instructor, for course-based communications.
