FACULTY POSITION OPENING
CALIFORNIA STATE UNIVERSITY, NORTHRIDGE
Northridge, California 91330

Online Instructional Design and Education Librarian

**Department:** Research, Instruction & Outreach Services

**Rank:** Senior Assistant or Associate Librarian

**Effective Date of Appointment:** July 1, 2014 (Subject to Budgetary Approval)

**Salary:** Minimum salary of $57,084 for Senior Assistant or $65,628 for Associate Librarian, and an excellent benefits package. Salary and rank are dependent on qualifications and experience. This is a 12-month tenure-track position.

**Qualifications:** Master's degree in information and/or library science from an ALA-accredited school or its equivalent degree if earned from outside the U.S. or Canada; Experience with one or more learning management systems used in higher education; Demonstrated knowledge of instructional design principles; demonstrated knowledge of information literacy concepts and issues, and their connection with teaching and learning issues in higher education; strong commitment to enhancing service through teamwork and responsiveness to faculty, students, and colleagues; Excellent organizational, interpersonal, communication and project management skills; commitment to providing high-quality public service within a flexible and continually evolving academic library environment; ability and commitment to working with a diverse campus community; capability and commitment to engage in research and continued professional development worthy of promotion and tenure in the California State University system.

**Preferred Qualifications:** Additional advanced degree in Instructional Technology, Education, or other related disciplines; 2-3 years professional reference and instruction experience in an academic library; demonstrated knowledge of methods used to assess instruction; experience collaborating with teaching faculty to create and advance professional relationships that align library teaching objectives with course outcomes; experience with digital etextbook creation (iBooks Author) and interest in development of digital learning objects and mobile applications to support curricular needs within library and campus disciplines such as Education and teacher credential programming; knowledge of copyright principles as they relate to online instructional design; familiarity with web accessibility standards for persons with disabilities; coursework or professional experience with instructional design tools, Web authoring software, tutorial capture software, lesson building software, video authoring and/or screen capture software, evaluation and assessment software and mobile apps or interfaces.

CSUN is a Learning Centered University. The successful candidate will be expected to join faculty and staff in a commitment to active learning, to the assessment of learning outcomes, and to multiple pathways that enable students to graduate.

At time of appointment, the successful candidate, if not a U.S. citizen, must have authorization from the Bureau of Citizenship and Immigration Services to work in the United States.

Evidence of degree(s) required at time of hire.

**Responsibilities:** The Oviatt Library seeks an energetic, creative and service oriented professional to coordinate its embedded library efforts within the campus learning management system (Moodle). The successful candidate will be asked to focus on innovation, sound pedagogy and functional design. Working in partnership with fellow library faculty, the successful candidate will plan and create digital learning objects including tutorials, learning modules, and technologically enhanced instructional materials for inclusion within the university's learning management system and for use in conjunction with other teaching strategies in blended learning environments, with particular emphasis upon providing accessible and robust learning opportunities for undergraduate and graduate students. The
successful candidate will be expected to employ sound current pedagogical principles to the selection of technologies and learning strategies, including development of appropriate measurable learning outcomes for all digital learning objects aimed at fostering student information literacy and development of research skills. With other members of the library faculty and staff, this position participates in the comprehensive design, planning, and delivery of information literacy instruction in reference and other instruction services at the Oviatt Library. Liaison responsibilities include providing instruction, outreach to students and faculty in the College of Education. Collection development responsibilities may be assigned depending on staffing needs. This is a 12-month, full-time tenure-track faculty position at the Senior Assistant Librarian or Associate Librarian level with attendant expectations for professional competence, service and scholarship. Some evening and weekend work is required.

**Application Deadline:** Applicants should submit a letter of application, vitae and three current references. Position is open until filled, but first consideration and screening will be given to applications received by February 25, 2014.

**Inquiries and nominations should be addressed to:**
Ms. Lynn Lampert, Chair/Research, Instruction and Outreach Services Department
Oviatt Library
