ITEM VI  BYLAWS UPDATE

Rick Evans, Executive Director, stated that the Bylaws allows member of the public to address the Board of Directors. However, the Bylaws do not address a time limit nor how a member of the public notifies the Corporation their desire to speak at a Board meeting. Robert Carlson, Legal Counsel, stated that in accordance to the Brown Act the Corporation Executive Committee and Board of Directors meetings are required to be open to the public except for particular personnel items and a few other limited items. Mr. Carlson explained that the update to the Bylaw will be made to sections 8.5 and 9.4 as noted in the meeting packet. The changes define the parameters and protocols addressing when members of the public would like to speak at a Board of Directors or Executive Committee meeting.

MSP (Phillips/Schutte): That The University Corporation Board of Directors approve amending Section 8.5 and 9.4 of The University Corporation bylaws, as proposed.
ITEM VII       BUDGET UPDATE – PRIMARILY VIRTUAL SPRING

Mr. Evans provided an update on the budget. Mr. Evans explained that the University will use some of the CARES funding to reimburse the Corporation for lost meal plan revenue resulting from the meal plans refunded in March 2020 as well as any deficit resulting from Chartwells Higher Education (CHE) providing a residential dining program for the fall semester and possibly also for the spring 2021 semester.

Mr. Evans also provided an updated forecast for the 2020/2021 fiscal year. Mr. Evans stated that the Corporation came in better than projection due to the multitude of measures taken to cut costs and increase revenue from Research and Sponsored Programs. Mr. Evans reviewed two scenarios showing the different deficits depending on if the University reimburses the Corporation for both fall and spring semesters or only fall semester for CHE to operate residential dining services. Mr. Evans stated that the 2020/2021 fiscal year presents a challenging environment for the Corporation, however the balance sheet remains strong and the Corporation’s reserves will be able to absorb the one-time deficit projected.

Dr. Jerry Schutte asked to confirm whether CARES money is available to use for taking care of the balance sheet items in auxiliaries unlike the general funds from California. Colin Donahue, VP of Administration and Finance, stated that the University is able to use CARES Act funding to reimburse campus auxiliaries for eligible expenses described within the legislation, in cases where the University has specific service agreements with the auxiliary (such as with the Corporation). Mr. Evans clarified that under this arrangement the Corporation will not be reimbursed for overhead expenses.

ITEM VIII      MAJOR 3RD PARTY AGREEMENTS

Mr. Evans explained that the COVID-19 pandemic and CSUN operating in a primarily virtual mode has had a significant impact on beverage sales as well as 30% sales drop at the Campus Store. The Pepsi and Follett contracts are based on respective volume sales. Both companies have approached the Corporation with requests for contract extensions.

Mr. Evans stated that the Pepsi agreement expires in 2025. Pepsi has asked for a five-year extension. Currently there is a clause allowing for an additional five years upon mutual consent which would allow the Corporation to maintain the current terms of the contract. Mr. Evans explained that due to the pandemic, the Corporation is not receiving over $300,000 from Pepsi in unrestricted partnership support as well as athletic scholarship money. There may be an opportunity to discuss other favorable deal points during the extension negotiations.

Mr. Evans stated that the Follett agreement expires in 2026. Follett has asked for a three-year extension. Mr. Evans explained that CSUN and Follet have a good partnership and that CSUN has the highest commission rate of any Follett store in the CSU. Follett also owes the Corporation the second $1,000,000 signing bonus, which was negotiated 5-years ago. They have not asked to reduce either the $1,000,000 payment nor the commission rate. Mr. Evans explained that these discussions have just begun; that it is too soon to tell if extensions for either third parties will be recommended (or not); and that he will be back with updates at the next Board meetings.

ITEM IX        FOODSERVICES/CHARTWELLS UPDATE
Heather Cairns, Director of Administrative Services introduced Kylene Ott, District Manager for Chartwells Higher Education. Ms. Ott presented an overview of the Chartwell Higher Education group team and introduced Omar Galvez, Resident District Manager. Mr. Galvez provided an operational update on the residential dining food program. Mr. Galvez stated the Matador Mercado was relocated to Geronimo’s to allow for maximum use of space. Mr. Galvez noted that 90% of the current staff at Geronimo’s are former employees of the Corporation. Mr. Galvez introduced Nikki Hamzaeff, District Marketing Manager. Ms. Hamzaeff presented on Matador Eats, the new dining brand for CSUN and provided a marketing plan overview for residential dining, meal plan, retail, social media and digital communications, as well as the Boost mobile ordering app. Mr. Galvez presented on the 2021 plans for the foodservices including a Geronimo’s Café refresh, Matador Mercado USU refresh, new point of sale technology, internships, partnerships, and the Orchard Conference Center.

Ms. Bustillos presented on the Orchard Conference Center (OCC) logomark, supporting graphics, interior graphic and branding opportunities. The feature wall will have images that primarily focus on the rich history of CSUN and the surrounding community.

Ms. Bustillos continued with an overview of the secondary feature wall, the President’s wall, the Signature wall, and the exterior of the building.

Mr. Contreras asked which Presidents will be featured on the President’s wall? Mr. Evans stated that the five past CSUN Presidents will be on the wall. Dr. Harrison clarified that Interim President Oviatt will not be included in the portraits on the President’s wall. Dr. Phillips asked if there will be any changes made to the Earthquake garden display. Ken Rosenthal, Assoc. VP Facilities Development & Operations, explained that ADA improvements are being made to the east side of the garden creating an ADA compliant pathway. Once the improvements are made, the campus will engage the artist on the resetting of the pieces to honor the intent and design of the garden.

Dr. Schutte asked in regards to the current situation with the hotel construction on hold, what is the plan to replace the Orange Grove Bistro lunch service when the OCC opens next fall? Mr. Evans stated that the Hilton Garden Inn will have a restaurant, the Garden Grill, located in the hotel when the it eventually opens. There may be an opportunity for catered events to occur in the OCC to meet the lunch service needs of the campus. Ms. Ott stated that this would be a good use for the Boost app which allows mobile order and delivery.

Tim Killops, Associate Director of Facilities and Operations, presented an update on the construction and timeline of the OCC. Mr. Killops reported that the project is currently within budget. Dr. Yaspelkis asked if the campus allowed it, would the Board of Directors get a tour of the OCC in the spring? Dr. Harrison stated that the Board would need to go through the event planning and repopulation workgroup first but it
may be possible. Mr. Evans stated that due to the COVID-19 pandemic it is more challenging to bring groups on campus. Dr. Schutte asked if there was a firm date to close the Orange Grove Bistro? Mr. Evans stated that the Bistro is closed now and there are no plans for it to reopen. Dr. Harrison commented that the design, colors, and use of the orange blossoms were impressive.
