Appendix 2. Definitions and Additional Information

| Terms | Definition / Additional Information |
|--|--|
| SOURCES OF FUNDS | |
| State Allocation | |
| State General Fund Appropriation | This is the allocation provided annually that is approved by the Governor and distributed by the Chancellor's Office via a coded memo to the 23 CSU campuses and the CO. |
| State-Funded Retirement Adjustment | Each year CalPERS adjusts employer-paid contribution rates to meet defined benefit pension obligations. The state adjusts the CSU General Fund appropriation for employer-paid contribution rate changes based on the actual CSU 2013-14 pensionable salaries reported by the State Controller's Office. |
| | The 2021/22 to 2022/23 State Miscellaneous First Tier rates increased from 29.220 percent to 32.000 percent and the State Peace Officer / Firefigher rate increased from 32.840 percent to 50.000 percent. The 2022/23 operating budget base retirement cost increase funded by the State to the CSU is \$68.5 million. The distribution is based on the 2013-14 pensionable payroll by university as provided by the State Controller's Office. |
| Liability and Property Insurance Premiums | \$13.7 million is allocated to universities, equivalent to a 14 percent increase in costs related to liability and property coverage. The distribution is based on the university's percentage share of 2021-22 actual operating fund expenditures for liability and property insurance premiums. Insurance premiums are on the rise across the country and more so for California public entities. California higher education faces some of the toughest challenges in the liability insurance market. |
| Employer-Paid Health Care Premiums | Effective January 2023, the estimated annual cost of employer-paid health care rate increases is\$50.5 million, equivalent to an 8 percent increase in costs. The number of CSU employee participants and the difference between the old and new employer-paid rates determine health care benefit cost increases. The distribution is based on the university percentage share of 2021-22 actual operating fund expenditures for employer-paid health benefits. |
| Enrollment Growth Funding | The 2022-23 final budget allocations include strategic California resident enrollment growth of 9,434 full-time equivalent students (FTES) at 16 campuses. CSUN's additional FTES is 700. |
| State University Grant (SUG) | The State University Grant (SUG) program provides need-based awards to eligible undergraduate and graduate/post baccalaureate students who are California residents or otherwise determined as eligible, such as AB 540-eligible students. The CSU sets aside 33.33% of tuition revenue for the SUG program. |
| State University Grant (SUG) 5% Redistribution | Each year the Chancellor's Office gleans 5% from each of the 23 campuses SUG allocation to redistribute based on financial need of each campus. |
| Student Fees | |
| Tuition Fee Revenue | Tuition fee is a systemwide mandatory Category 1 fee based on student level (i.e., undergraduate, graduate, credential) and unit load (e.g., 0-6 units and 6.1+ units). Category I fees are established by the CSU Board of Trustees used to support basic instruction and other mandatory university costs. For a list of latest rates of Tuition and Other Fees, visit https://www.csun.edu/stufin/tuition |
| Non-Resident Tuition Fee Revenue | Per-unit fee for non-resident students paid in addition to the basic tuition fee and is a Category I fee. |
| Graduate Business Fee Revenue | Per unit fee applied to students in the Master of Business Administration (M.B.A.) and Master of Professional Accountancy (MPAcc) programs, in addition to tuition and other fees. A Category I fee. |
| Ed Doc Fee Revenue DPT Fee Revenue | Varying tuition fee rates applied to specific doctoral programs. Category I fees. |
| Audiology Doctorate Fee Revenue | |
| Application Fees | Charged when a student applies, to fund the cost of the application review and acceptance process. Category I fees. |
| Student Health Fee | Charged to all students, to make a basic concert of campus-based health services available. |
| Augmented Health Services | Augmented services shall be those health services offered by the Student Health Center that are elective or specialized in nature and not included in basic services. Funding is generated through charges for specific tests / services / prescriptions above what is covered by the mandatory health services fee. |
| Campus Quality Fee | Established in 2008, the Campus Quality Fee provides technological and enhanced support services to CSUN students annually and is a mandatory Category II fee. Refer to Executive Order 1035. |
| Western Undegraduate Exchange (WUE) | An agreement among Western Interstate Commission for Higher Education (WICHE) 16 members, through which 160+ participating public colleges and universities provide step non-resident tuition savings for Western students. |
| Other Revenues | Revenue from various Category IV fees, which are paid to receive materials, services, or facilities. Examples include Transcript Fee, Late Registration Fee, Orientation Fee, etc. |
| One-Time Funds | |
| 2022/23 Campus Initiatives Balance Carry-Forward | The 2022/23 Campus Operating Budget provided in one-time funds for various campus initiatives and projects. The available balances from these initiatives are carried-forward for continuation and completion of 2022/23 for campus initiatives and projects. |
| USES OF FUNDS | |
| Benefits | This is to allocate the State-Funded Retirement Adjustment to the University benefits pool ("State Funded |
| Retirement Adjustment | Retirement Adjustment" above). University Central pays for all benefits expenses incurred in the State General Operating Funds via the State Benefits |
| Centralized Benefits Pool | Pool. Funding for the State Benefits Pool are set aside whenever new funds are allocated for salaries calculated using the average benefits rate at the time of funding. Similar to the State Benefits Pool, funding is set aside for benefits when GI2025 funds are used for salaries, |
| Centralized Benefits Pool - GI2025 Centralized Benefits Administration | calculated using the average benefits rate for full-time faculty or staff at the time of funding These are charges levied by the State of California for administering the Benefits Program for the CSU. |
