The Employment Search

Broaden Your Search

Do not limit your employment search to public school districts, there are many options:

- **School Districts**
- **Charter Schools**
- **Private Schools**
- **Teach Out of State**

Each state's credential requirements may differ. Individuals who have completed their professional preparation program in California may apply directly to another states credential or education agency to ask whether or not they will accept California's credential.

- **Teach Abroad**

There are opportunities to teach in American and foreign, public and private schools in other countries. Contact the individual country to find out more.

Frequently Asked Questions

Do I have English Learner Authorization (ELA)?

Your Preliminary Credential authorize the teaching of English learners with some restrictions related to grade level and subject. The ELA authorizes you to provide instruction for English language development (ELD) and specially designed academic instructions delivered in English (SDAIE). This English Learner Authorization **does not** authorized Departmentalized English Language Development. The ELA on your credential may not be enough for the teaching assignment you are hired for, the district will determine this.

Frequently Asked Questions

What if my Preliminary Credential Expires?

If you are not employed with a public school, there is no penalty if your credential expires. You will simply need to submit an appeal to the CTC for an extension on your preliminary document at the point you are ready to begin employment with a public school district. The extension will allow you time to complete an induction program.

Frequently Asked Questions

How can I earn my clear credential while I am living in another state?

- Allow your preliminary credential to expire, appeal for an extension once you return to California, complete a Clear or Induction program in CA.
- Complete an Induction program through a CA university offering a distance learning option.
- National Board Certification

<http://www.nbpts.org/national-board-certification>

When can I begin submitting applications for teaching positions?

Employers will vary, but do not assume you have to wait until you have your credential document in hand before beginning the employment application process. LAUSD for example, encourages candidates to apply during the last semester of their credential program.

Credential Reception

Students who are completing a credential program are not required to apply to graduate, as a degree is not being conferred.

The Michael D. Eisner College of Education and the Credential Office hosts a Credential Reception every May. The reception is a ceremony to honor your accomplishment. Light refreshments are served and you are welcome to invite family and friends to celebrate this special milestone. You will receive an invitation to this event via email.

Date: May 17, 2023
