Effective Date: 4/19/2010  |  Revised Date: 4/19/2010

POLICY OBJECTIVE

The CSU Information Security policy provides direction and support for establishing a business continuity and disaster recovery program.

POLICY STATEMENT

An information security program needs to support the maintenance and potential restoration of operations through and after both minor and catastrophic disruptions. Campuses must ensure that their information assets can, in the case of a catastrophic event, continue to operate and be appropriately accessible to users. Each campus must maintain an ongoing program that ensures the continuity of essential functions and operations following a catastrophic event. The campus program must be in compliance with the CSU Business Continuity Program.
